

ADULT BASIC EDUCATION POST-BACCALAUREATE CREDIT CERTIFICATE PROGRAM

Person-in-Charge	Esther Prins
Program Code	ABE
Campus(es)	World Campus

The goal of the program is to build educators' capacity to provide high-quality, research-based instruction in adult basic education (ABE), especially literacy and numeracy. The program is intended for people who are working, or wish to work, with adults who struggle with reading, writing, math, and/or English language proficiency. ABE instruction typically occurs in adult literacy, family literacy, GED, English as a second language (ESL), or developmental education classes offered by community-based organizations, community colleges, school districts, libraries, and alternative schools, among others. Delivered online through the World Campus, the 12-credit certificate includes three required courses and one elective, which allows students to tailor the program to their specific interests, such as ESL, program planning and administration, distance education, educational technology, adult learning, or other topics.

Effective Semester: Spring 2020
Expiration Semester: Spring 2025
