

APPLIED BEHAVIOR ANALYSIS GRADUATE CREDIT CERTIFICATE PROGRAM

Person-in-Charge	David Lee
Program Code	APPBA
Campus(es)	World Campus

This program is intended for those who seek advanced knowledge in the field of applied behavior analysis. The 21-credit curriculum is specifically designed to prepare students to sit for the Board Certified Behavior Analyst (BCBA) certification examination. After completing the program, students will be able to:

1. Define, apply, and explain behavior principles in response to applied situations.
2. Use evidence-based methods to collect, display, interpret, and communicate behavioral data.
3. Select, implement, and explain evidence-based methods of assessment for behavioral program implementation.
4. Select, implement, and explain evidence-based interventions to affect socially significant behavior change for clients.
5. Explain, communicate, and engage in professional practice using current ethical guidelines in behavior analysis.
