The Graduate Certificate in Business Sustainability Strategy (BSS) is offered by the Smeal College of Business. The nine-credit graduate certificate is aimed toward students that wish to further graduate study in the area of Business sustainability. Course content focuses on: (1) an exploration of sustainability and what it means to business regarding changes to the regulatory, consumer, and competitive landscape; (2) analysis of differences across Europe, Asia, Africa, and the Americas; (3) strategy development including external and internal analysis, employee engagement, governance, and ensuring sustainability is built in, not bolted on; and (4) the latest business models and sustainable design solutions to drive business value and environmental/social performance up and down the value chain.
