MANAGEMENT ESSENTIALS
GRADUATE CREDIT
CERTIFICATE PROGRAM

Person-in-Charge: Zugang Liu
Program Code: MGMTES
Campus(es): Great Valley

The Graduate Certificate in Management Essentials provides students with fundamental business skills that are necessary in almost any career today. The program is designed for people who are moving up the career ladder and whose responsibilities now require a diverse set of skills including people and team management, business development, and strategic decision making. Courses in this program provide a broad introduction of the core principles of business in areas such as organizational behavior, marketing, economic theory, and managing enterprises in a digital age.

The program emphasizes the role of a senior manager or business owner who is in a position of making strategic decisions for a company. Upon completion, students will learn effective leadership strategies to motivate teams and individuals, the role of organizational culture in shaping those strategies, market segmentation and product placement, how economic forces shape the markets, and strategies for managing in the digital age. These versatile skillsets are highly valued by any employer and provides confidence to business owners to adapt their strategies as markets and conditions change.

Effective Semester: Fall 2022
Expiration Semester: Summer 2027

Courses

Graduate courses carry numbers from 500 to 699 and 800 to 899. Advanced undergraduate courses numbered between 400 and 499 may be used to meet some graduate degree requirements when taken by graduate students. Courses below the 400 level may not. A graduate student may register for or audit these courses in order to make up deficiencies or to fill in gaps in previous education but not to meet requirements for an advanced degree.

Learning Outcomes

- Students will understand the issues surrounding the management of groups and individuals.
- Understand the key concepts, analytical perspectives, and decision tools of marketing that aid in market evaluation and planning.
- Predict firm and individual behavior based on the process of rational decision making.
