The Graduate Certificate in Technical Management and Leadership Essentials is a program for students who aim to pursue a career as a Project Engineering Manager or Team Lead Manager where skills will include responsibilities to plan, organize and execute a technical project from start to finish and manage technical teams within a technical organization.

Courses taken in the certificate program may be applied toward a master’s degree in Engineering Management, subject to restrictions outlined in GCAC-309 Transfer Credit (https://gradschool.psu.edu/graduate-education-policies/gcac/gcac-300/gcac-309-transfer-credit/). Certificate students who wish to have certificate courses applied towards a graduate degree must apply and be admitted to that degree program. Admission to the graduate degree program is a separate step and is not guaranteed.
