The Master of Professional Accounting (M.P.Acc.) degree program in Accounting requires 30 credit hours beyond the bachelor's degree and will take one year to complete. This program will equip the students for the increasing legal and financial complexities faced by the accounting profession. This degree will also satisfy the requirements for taking the Certified Public Accountant (CPA) examination and becoming a CPA through the Pennsylvania State Board of Accountancy as well as most of the State Boards of the neighboring states.

The program is delivered in a blended format of 25 percent classroom instruction on campus or at the Regional Learning Alliance in Cranberry Township and 75 percent online learning.
