The Master of Marketing in Marketing Analytics and Insights program will prepare graduates to stand out in a competitive job market by studying at a highly reputed business school with some of the world’s leading academic thinkers and industry experts. This program will provide students with marketing analytics capabilities essential for marketing managers and analysts for data-driven marketing organizations. Students will learn about marketing in a global environment, marketing analytics tools for data collection, management, visualization, and analysis, implementation of marketing analytics for marketing problems in the areas of digital marketing, customers, and brands, and ethical leadership. The program will be taught by the same world-class professors who teach our M.B.A. students. A solid foundation in marketing, marketing analytics, and ethics will make the target audience more attractive for positions of marketing manager or analyst in data-driven marketing organizations and prepare them to advance more rapidly into those positions. These learning outcomes will be achieved by a combination of lectures by faculty, invited guest lecturers, reading of key literature, individual and team projects, and practical involvement in a marketing analytics-based culminating experience.

### Admission Requirements

Applicants apply for admission to the program via the Graduate School application for admission (http://gradschool.psu.edu/prospective-students/how-to-apply). #### Electives

Students will also complete 6 credits of elective courses. A list of elective courses approved to count towards the degree requirements will be maintained by the program office.

### Culminating Experience
The culminating experience for the degree is a capstone course, MKTG 515, that provides an opportunity for students to apply and integrate the knowledge and skills that were gained throughout the MMAI program. MKTG 814, a core course in this proposed degree program, is the capstone course for the Graduate Certificate in Marketing Analytics. This course is a culminating experience for the courses: MKTG 811, MKTG 812, and MKTG 813. MKTG 515 not only integrates student learnings from these courses, it will also integrate learnings from the other core courses in the master’s degree program including MBADM 821, BA 804, and MKTG 540. MKTG 515 will be a required course in the proposed Master of Marketing in Marketing Analytics and Insights degree. As it is the capstone course for the proposed master’s program, MKTG 515 is not available as a required or elective course in any other program.

Student Aid
World Campus students in graduate degree programs may be eligible for financial aid. Refer to the Tuition and Financial Aid section (http://www.worldcampus.psu.edu/tuition-and-financial-aid) of the World Campus website for more information.

Courses
Graduate courses carry numbers from 500 to 699 and 800 to 899. Advanced undergraduate courses numbered between 400 and 499 may be used to meet some graduate degree requirements when taken by graduate students. Courses below the 400 level may not. A graduate student may register for or audit these courses in order to make up deficiencies or to fill in gaps in previous education but not to meet requirements for an advanced degree.
