## Program Description
The Health Humanities program emphasizes the application of concepts and methods from history, literature, philosophy, communications, religious studies, cultural and language studies, and the arts, to educate us about the human condition. In combination with perspectives drawn from the social and behavioral sciences, it uses an interdisciplinary approach to explore the cultural and ethical aspects of human health and illness. Students in the Health Humanities cultivate empathy, embrace ambiguity, approach problems from a variety of perspectives, and practice self-care, all essential to effective health care practice and to a humanistic approach to studying and representing health and illness.

### What is Health Humanities?
The B.S. in Health Humanities provides students with a strong foundation in the sciences in combination with perspectives from the humanities, social sciences, and the arts to examine the role of health, disease, and medicine in the human experience. It uses an interdisciplinary and holistic approach to explore the social, cultural, political, and ethical aspects of wellbeing, illness, and healthcare. Students in this degree program cultivate empathy, embrace ambiguity, approach solving problems from a variety of perspectives, and practice self-care, all essential skills for future health care practitioners as well as anyone interested in a humanistic approach to the study and representation of health and illness in the twenty-first century. The B.S. degree provides excellent preparation for medical school or other graduate training in medical fields, as well as careers in areas such as public health, patient advocacy, law, health education, rehabilitation, social work, health care administration, and community activism.

### You Might Like This Program If...
- You are interested in exploring questions related to health, illness and healthcare from a range of perspectives in addition to a biomedical approach
- You want to gain an understanding of the influence of cultural, social, political, and economic contexts on health, medicine and healthcare
- You would like to integrate the arts and humanities into the study of health care and medicine
- You are planning to pursue medical school or other graduate health professions study that requires a strong foundation in the sciences

### Entrance to Major
In order to be eligible for entrance to this major, a student must:

1. attain at least a C (2.00) cumulative grade-point average for all courses taken at the University; and
2. have at least third-semester classification (https://www.registrar.psu.edu/enrollment/semester-classification.cfm).

READ SENATE POLICY 37-30: ENTRANCE TO AND CHANGES IN MAJOR PROGRAMS OF STUDY (https://senate.psu.edu/policies-and-rules-for-undergraduate-students/37-00-entrance-to-a-college-or-major/)

## Degree Requirements
For the Bachelor of Science degree in Health Humanities, a minimum of 123 credits is required:

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Education</td>
<td>45</td>
</tr>
<tr>
<td>Electives</td>
<td>32-36</td>
</tr>
<tr>
<td>Requirements for the Major</td>
<td>46</td>
</tr>
</tbody>
</table>

0-4 of the 45 credits for General Education are included in the Requirements for the Major. This includes: 0-4 credits of GQ courses.

### REQUIREMENTS FOR THE MAJOR
To graduate, a student enrolled in the major must earn a grade of C or better in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (https://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#82-44).

</tbody>
</table>

### Additional Courses: Require a grade of C or better
- Select 7 credits from the following:
  - BIOL 110: Biology: Basic Concepts and Biodiversity
  - BIOL 161: Human Anatomy and Physiology I - Lecture
  - BIOL 162: Human Anatomy and Physiology I - Laboratory
  - BIOL 220W: Biology: Populations and Communities
  - STAT 200: Elementary Statistics
  - STAT 250: Introduction to Biostatistics

- Select 3 credits from the following:
  - AFAM/BBH 302: Diversity and Health
  - ASIA 106N: Asian Traditions of Health, Medicine, and the Body
  - CAS/ENGL/PHIL/REL 162N: Communicating Care
  - HIST/STS 124: History of Western Medicine

In consultation with adviser, select 3 credits from departmental list of approved courses in the Literary, Visual and Performing Arts

### Supporting Courses and Related Areas: Require a grade of C or better
In consultation with adviser, select 12 credits from departmental list of approved courses in Culture, Society and Health Communication

### Supporting Courses and Related Areas: Require a grade of C or better
In consultation with adviser, select 12 credits from departmental list of approved courses in Social Sciences and Health Care

### Additional Information:
- **Diversity requirement:** At least 3 credits in Additional or Supporting Courses must be for a course related to race, gender, sexuality, disability, ethnicity, and/or postcolonial issues.
Global/Transnational requirement: At least 3 credits in Additional or Supporting Courses must be for a course that has a focus that is transnational or outside the United States.

• A single course may not be used to meet both the Diversity and Global/Transnational requirements.

• 400-level requirement: At least 12 credits in Additional or Supporting Courses must be at the 400-level.

General Education
Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

Foundations (grade of C or better is required and Inter-Domain courses do not meet this requirement.)
• Quantification (GQ): 6 credits
• Writing and Speaking (GWS): 9 credits

Breadth in the Knowledge Domains (Inter-Domain courses do not meet this requirement.)
• Arts (GA): 3 credits
• Health and Wellness (GHW): 3 credits
• Humanities (GH): 3 credits
• Social and Behavioral Sciences (GS): 3 credits
• Natural Sciences (GN): 3 credits

Integrative Studies
• Inter-Domain Courses (Inter-Domain): 6 credits

Exploration
• GN, may be completed with Inter-Domain courses: 3 credits
• GA, GH, GN, GS, Inter-Domain courses. This may include 3 credits of World Language course work beyond the 12th credit level or the requirements for the student’s degree program, whichever is higher: 6 credits

University Degree Requirements
First Year Engagement
All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

Cultures Requirement
6 credits are required and may satisfy other requirements
• United States Cultures: 3 credits
• International Cultures: 3 credits

Writing Across the Curriculum
3 credits required from the college of graduation and likely prescribed as part of major requirements.

Total Minimum Credits
A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

Quality of Work
Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

Limitations on Source and Time for Credit Acquisition
The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (https://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80)). For more information, check the Suggested Academic Plan for your intended program.

Academic Advising
The objectives of the university’s academic advising program are to help advisees identify and achieve their academic goals, to promote their intellectual discovery, and to encourage students to take advantage of both in-and out-of-class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the habit of learning, advisers assume a significant educational role. The advisee’s unit of enrollment will provide each advisee with a primary academic adviser, the information needed to plan the chosen program of study, and referrals to other specialized resources.

Suggested Academic Plan
The suggested academic plan(s) listed on this page are the plan(s) that are in effect during the 2023-24 academic year. To access previous years’ suggested academic plans, please visit the archive (https://bulletins.psu.edu/undergraduate/archive/) to view the appropriate
Undergraduate Bulletin edition (Note: the archive only contains suggested academic plans beginning with the 2018-19 edition of the Undergraduate Bulletin).

**Health Humanities, B.S. at Abington Campus**

The course series listed below provides only one of the many possible ways to move through this curriculum. The University may make changes in policies, procedures, educational offerings, and requirements at any time. This plan should be used in conjunction with your degree audit (accessible in LionPATH as either an Academic Requirements or What If report). Please consult with a Penn State academic adviser on a regular basis to develop and refine an academic plan that is appropriate for you.

</tbody>
</table>

Total Credits: 16.5

* Course requires a grade of C or better for the major
† Course requires a grade of C or better for General Education
‡ Course is an Entrance to Major requirement
# Course satisfies General Education and degree requirement

1 Depending on whether STAT 200 or STAT 250 is counted as GQ
2 Number of credits depends on credits earned in Additional Courses (7-8 credits selected from BIOL 110 or BIOL 161/BIOET 162 or STAT 200 or STAT 250)

### University Requirements and General Education Notes:

US and IL are abbreviations used to designate courses that satisfy Cultural Diversity Requirements (United States and International Cultures).

W, M, X, and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.

General Education includes Foundations (GWS and GQ), Knowledge Domains (GHW, GN, GA, GH, GS) and Integrative Studies (Inter-domain) requirements. N or Q (Honors) is the suffix at the end of a course number used to help identify an Inter-domain course, but the inter-domain attribute is used to fill audit requirements. Foundations courses (GWS and GQ) require a grade of 'C' or better.

### Advising Notes:

- Diversity requirement: At least 3 credits in Additional or Supporting Courses must be for a course related to race, gender, sexuality, disability, ethnicity, and/or postcolonial issues.
- Global/Transnational requirement: At least 3 credits in Additional or Supporting Courses must be for a course that has a focus that is transnational or outside the United States.

### Career Paths

The B.S. in Health Humanities offers excellent preparation for careers in health professions, such as patient care, patient advocacy, and administration. In addition, the program’s interdisciplinary and holistic approach to the study of health, medicine, healthcare and the body provides students with a strong foundation for medical school. Moreover, students acquire the skills and knowledge necessary for a range of roles in fields that are concerned with the cultural, political and societal dimensions of health and healthcare for individuals as well as communities.

### Careers

- Healthcare
- Business
- Education
- Law
• Journalism
• Public Health
• Social Work
