INTERNATIONAL AGRICULTURE, MINOR

Requirements for a minor may be completed at any campus location offering the specified courses for the minor. Students may not change from a campus that offers their major to a campus that does not offer their major for the purpose of completing a minor.

Requirements for the Minor

This minor requires 18 credits and may be combined with any undergraduate major in the University. Some courses require prerequisites not included in the minor. Foreign language competence is highly recommended.

Students are given the option of participating in a semester study abroad program that would be discussed and approved by the INTAG coordinator and the student's academic adviser. Twelve credits maximum can count toward the minor, and should normally only fulfill elective and internationally-oriented experience credits, and not replace prescribed credits for the minor. The semester study abroad program needs to focus on courses within the food, agriculture or natural resources areas.

Students must have six credits of 400-level course work for the minor.

A grade of C or better is required for all courses in the minor, as specified by Senate Policy 59-10 (https://senate.psu.edu/policies-and-rules-for-undergraduate-students/59-00-minors-and-certificates/#59-10). In addition, at least six credits of the minor must be unique from the prescribed courses required by a student's major(s).

An additional course of the minor must be from a different category than the prescribed courses, and the entire minor must be unique from the prescribed courses required by a student's major(s).

So far, prescribed courses include:

- INTAG 100N: Everyone Eats: Hunger, Food Security & Global Agriculture (3 credits)
- INTAG 490: Senior Seminar in International Agriculture (3 credits)

In addition, students can select up to two courses from one of the 12 categories. These categories are:

**Category 1: Social Sciences**

- AEE 400: Global Agriculture Education
- AGEB 338: Agribusiness in the Global Economy
- ANTH 120: First Farmers
- ANTH 472: Introduction to Global Health Issues
- BBH 305: African Health & Development
- BBH 407: Global Health Equity
- CED 230: Development Issues in the Global Context
- CED 420: International Community and Economic Development

**Category 2: Natural Sciences**

- AFR 105: African Biodiversity and Conservation
- AGE 405: Principles of Integrated Pest Management
- EARTH 2: The Earth System and Global Change
- ENT 202: The Earth System and Global Change
- ENT 222: The Earth System and Global Change

**Category 3: International Experience**

- AGEB 470A: Comparing Agricultural and Food Systems in the US and France: Lecture
- AGEB 470B: Comparing Agricultural and Food Systems in the United States and France: Travel
- ANSC 499: Foreign Studies
- CED 499: Foreign Studies
- ERM 499: Foreign Studies
- FDSC 499: International Food Production
- HORT 499: Foreign Studies
- WMNST 420: Any university language skill development course

Students can select up to two courses from each of these categories.
