

LANDSCAPE CONTRACTING, B.S.

Begin Campus: Any Penn State Campus

End Campus: University Park

Program Description

Landscape contracting involves constructing, establishing, and maintaining landscapes from small residential projects to large commercial and industrial projects, as well as producing plans for small-scale residential and commercial sites. Students develop skills in construction, site design, plant material usage, plant establishment, and landscape maintenance. Students are also educated in areas such as graphics, surveying, soils, turfgrass management, weed and pest management, and in business operations.

Students are encouraged to obtain on-the-job experience in landscape contracting by working with a landscape maintenance or construction firm, or other related business. Credits for this experience are available for those who choose to enroll in an internship.

A wide variety of opportunities exist for landscape contracting graduates. They may be employed by design/build firms, landscape management firms, nurseries, or garden centers. Others may choose to work for municipalities, golf courses, parks, or botanical gardens.

Design/Build Option

This option focuses on the development of skills in the planning and implementation of landscape projects. Employment opportunities exist with landscape contracting companies, irrigation companies, and retail centers.

Management Option

This option provides professional education in the management of landscapes. Employment opportunities include positions with landscape management companies and golf courses.

What is Landscape Contracting?

Landscape contracting is a highly specialized profession that involves the design, construction, and management of outdoor environments. The industry is dependent upon educated and well-trained individuals who are capable of creating sustainable design solutions that meet or exceed client expectations. Penn State is at the forefront of preparing students to be leaders in this exciting industry.

You Might Like this Program If...

- You are interested in owning your own company or working for small to large landscape firms as a project manager or account manager on residential and commercial projects
- You enjoy learning in both classroom and outdoor settings
- You are interested in a program that offers design studios and computer classrooms with up-to-date software applications for creating 2-D and 3-D landscape plans
- You like to be outside and want to work with your hands

MORE INFORMATION ABOUT WHY STUDENTS CHOOSE TO STUDY LANDSCAPE CONTRACTING (<https://agsci.psu.edu/academics/undergraduate/majors/landscape-contracting/>)

Entrance to Major

In order to be eligible for entrance to this major, a student must:

1. attain at least a C (2.00) cumulative grade-point average for all courses taken at the University; and
2. have at least third-semester classification (<https://www.registrar.psu.edu/enrollment/semester-classification.cfm>).

READ SENATE POLICY 37-30: ENTRANCE TO AND CHANGES IN MAJOR PROGRAMS OF STUDY (<https://senate.psu.edu/policies-and-rules-for-undergraduate-students/37-00-entrance-to-a-college-or-major/>)

Degree Requirements

For the Bachelor of Science degree in Landscape Contracting, a minimum of 120 credits is required:

Requirement	Credits
General Education	45
Electives	2-16
Requirements for the Major	80-97

21-24 of the 45 credits for General Education are included in the Requirements for the Major. This includes: 3 credits of GWS courses; 3-6 credits of GA courses; 3 credits of GQ courses; 9 credits of GN courses; 3 credits of GS courses.

Requirements for the Major

To graduate, a student enrolled in the major must earn a grade of C or better in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (<https://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#82-44>).

Common Requirements for the Major (All Options)

Code	Title	Credits
Prescribed Courses		
ACCTG 211	Financial and Managerial Accounting for Decision Making	4
CHEM 101	Introductory Chemistry	2-3
ENGL 202D	Effective Writing: Business Writing	3
HORT 410W	Issues in Landscape Contracting	3
LARCH 60	Cultural History of Designed Places	3
PLANT 217	Landscape Soil and Water Management	3
SOILS 101	Introductory Soil Science	3
<i>Prescribed Courses: Require a grade of C or better</i>		
HORT 101	Horticultural Science	3
HORT 120	Computer Applications for Landscape Contracting	2
HORT 131	Herbaceous Perennial and Annual Identification	3
HORT 137	Ornamental Plant Materials	3
HORT 138	Ornamental Plant Materials	3
HORT 408	Landscape Plant Establishment and Maintenance	4
HORT 468	Landscape Estimating and Bidding	2
Additional Courses		
BIOL 110	Biology: Basic Concepts and Biodiversity	3-4

or BIOL 127	Introduction to Plant Biology	
MKTG 220	Introduction to Selling Techniques	3
or BA 303	Marketing	
TURF 100	Introduction to Turfgrass Management	3
or TURF 235	The Turfgrass	
Select one of the following:		3
AGBM 101	Economic Principles of Agribusiness Decision Making	
ECON 14	Principles of Economics	
ECON 102	Introductory Microeconomic Analysis and Policy	
ECON 104	Introductory Macroeconomic Analysis and Policy	
Select one of the following:		3
BA 250	Small Business Management	
BA 304	Management and Organization	
HORT 455	Retail Horticulture Business Management	
Select one of the following:		3-4
BA 241	Legal Environment of Business	
& BA 242	and Social and Ethical Environment of Business	
BA 243	Social, Legal, and Ethical Environment of Business	
BLAW 243	Legal Environment of Business	
Select one of the following:		3-5
MATH 26	Plane Trigonometry and Applications of Trigonometry	
MATH 40		
MATH 41	Trigonometry and Analytic Geometry	
MATH 140	Calculus With Analytic Geometry I	
Select one of the following:		4
SPAN 1	Elementary Spanish I	
SPAN 2	Elementary Spanish II	
SPAN 105	Elementary Spanish I for Students in the Agricultural Sciences	
Requirements for the Option		
Select an option		14-26

Requirements for the Option Design/Build Option (25-26 credits)

Code	Title	Credits
Prescribed Courses		
ART 20	Introduction to Drawing	3
EDSGN 10		1
<i>Prescribed Courses: Require a grade of C or better</i>		
HORT 220	CAD Applications in Landscape Contracting	3
HORT 269	Residential Landscape Planning	3
HORT 368	Landscape Planting Design	4
HORT 464	Landscape Construction I	4
HORT 466	Landscape Construction II	5
Additional Courses		
Select 2-3 credits from the following:		2-3
ENT 313	Introduction to Entomology	
ENT 314	Management of Insect Pests of Ornamentals	
HORT 238	Turf and Ornamental Weed Control	
PPEM 300	Horticultural Crop Diseases	
PPEM 318	Diseases of Forest and Shade Trees	

Management Option (14-15 credits)

Code	Title	Credits
Prescribed Courses		
ENT 313	Introduction to Entomology	2
ENT 314	Management of Insect Pests of Ornamentals	1
SOILS 401	Soil Composition and Physical Properties	3
<i>Prescribed Courses: Require a grade of C or better</i>		
HORT 238	Turf and Ornamental Weed Control	3
HORT 250	Landscape Contracting Design/Build Principles	3
Additional Courses		
PPEM 300	Horticultural Crop Diseases	2-3
or PPEM 318	Diseases of Forest and Shade Trees	

General Education

Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (<https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/>) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

Foundations (grade of C or better is required and Inter-Domain courses do not meet this requirement.)

- **Quantification (GQ):** 6 credits
- **Writing and Speaking (GWS):** 9 credits

Breadth in the Knowledge Domains (Inter-Domain courses do not meet this requirement.)

- **Arts (GA):** 3 credits
- **Health and Wellness (GHW):** 3 credits
- **Humanities (GH):** 3 credits
- **Social and Behavioral Sciences (GS):** 3 credits
- **Natural Sciences (GN):** 3 credits

Integrative Studies

- **Inter-Domain Courses (Inter-Domain):** 6 credits

Exploration

- **GN**, may be completed with Inter-Domain courses: 3 credits
- **GA, GH, GN, GS, Inter-Domain courses.** This may include 3 credits of World Language course work beyond the 12th credit level or the requirements for the student's degree program, whichever is higher: 6 credits

University Degree Requirements

First Year Engagement

All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

Cultures Requirement

6 credits are required and may satisfy other requirements

- United States Cultures: 3 credits
- International Cultures: 3 credits

Writing Across the Curriculum

3 credits required from the college of graduation and likely prescribed as part of major requirements.

Total Minimum Credits

A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

Quality of Work

Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

Limitations on Source and Time for Credit Acquisition

The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (<https://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80>)). For more information, check the Suggested Academic Plan for your intended program.

Program Learning Objectives

- **Create Site Solutions:** Students will use quantitative, artistic, and environmental knowledge to create workable site solutions. Students will work individually, collaboratively, and cooperatively.
- **Concept Communications:** Students will communicate complex design concepts to clients and industry professionals using 2-D and 3-D computer generated documents.
- **Landscape Management Plans:** Students will develop landscape management plans that reflect their knowledge of plants and their cultural requirements, biology, and the surrounding environment.
- **Business Management Skills:** Students will employ business management skills to analyze landscape project inputs and to develop comprehensive pricing proposals.

Academic Advising

The objectives of the university's academic advising program are to help advisees identify and achieve their academic goals, to promote their intellectual discovery, and to encourage students to take advantage of both in-and out-of class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the

habit of learning, advisers assume a significant educational role. The advisee's unit of enrollment will provide each advisee with a primary academic adviser, the information needed to plan the chosen program of study, and referrals to other specialized resources.

* Course requires a grade of C or better for the major

‡ Course requires a grade of C or better for General Education

Course is an Entrance to Major requirement

† Course satisfies General Education and degree requirement

University Requirements and General Education Notes:

US and IL are abbreviations used to designate courses that satisfy Cultural Diversity Requirements (United States and International Cultures).

W, M, X, and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.

General Education includes Foundations (GWS and GQ), Knowledge Domains (GHW, GN, GA, GH, GS) and Integrative Studies (Inter-domain) requirements. N or Q (Honors) is the suffix at the end of a course number used to help identify an Inter-domain course, but the inter-domain attribute is used to fill audit requirements. Foundations courses (GWS and GQ) require a grade of 'C' or better.

All incoming Schreyer Honors College first-year students at University Park will take ENGL 137H/CAS 137H in the fall semester and ENGL 138T/CAS 138T in the spring semester. These courses carry the GWS designation and satisfy a portion of that General Education requirement. If the student's program prescribes GWS these courses will replace both ENGL 15/ENGL 30H and CAS 100A/CAS 100B/CAS 100C. Each course is 3 credits.

Advising Note:

Please consult with your academic adviser regarding the selection of elective courses.

Management Option: Landscape Contracting, B.S. at University Park Campus

Career Paths

Career opportunities exist with landscape management firms, design/build firms, nurseries, public gardens, park systems, municipalities, golf courses, and garden centers. Graduates may find opportunities in marketing and sales, business management, estimating and bidding, and landscape design and management.

MORE INFORMATION ABOUT POTENTIAL CAREER OPTIONS FOR GRADUATES OF THE LANDSCAPE CONTRACTING PROGRAM (<https://agsci.psu.edu/academics/undergraduate/majors/landscape-contracting/>)

Opportunities for Graduate Studies

Students may pursue graduate studies in horticulture, landscape architecture, turfgrass science, ecosystems management, and other related fields.

MORE INFORMATION ABOUT OPPORTUNITIES FOR GRADUATE STUDIES (<https://plantscience.psu.edu/graduate/>)
