INTEGRATIVE ARTS, B.A.  
(ALTOONA)

Begin Campus: Any Penn State Campus

End Campus: Altoona

Program Learning Objectives

• Understand, apply, and analyze art historical and aesthetic concepts related to the creation and design of creative works that combine multiple forms of art, design, or performance. (PG 1)

• Identify and assess philosophies and theories relevant to careers that require knowledge and understanding of multiple forms of arts and design. (PG 1 and PG 3)

• Demonstrate mastery of tools and practices used in the creation of art, design, and performance works in contexts related to the student’s particular area of concentration. (PG 2, and PG 3)

• Create original, compelling works of art, design, or performance in contexts related to the student’s particular area of concentration and which reflect the integration of multiple forms of art, performance, or design. (PG 2 and PG 3)

• Synthesize and evaluate creative output, contribute to critical discourse, and learn how to incorporate feedback and critique as part of the creative process. (PG 2, PG 3, and PG 4)

• Demonstrate the ability to create complex works of art, design, or performance that combine multiple art forms in a manner relevant to individual experiences and which convey a personal visual vocabulary. (PG 2, PG 3, and PG 5)

• Demonstrate the ability to plan and implement exhibitions or presentations of creative work from conceptualization through promotion, preparation, and physical installation and performance and to present that work to diverse audiences. (PG 3, PG 4, and PG 5)

• Design, propose and articulate the rigor and integration of the student’s area of interests which creates a personal responsibility in expanding experiences. (PG1)
