

ARCHITECTURAL HISTORY, MINOR

Requirements for a minor may be completed at any campus location offering the specified courses for the minor. Students may not change from a campus that offers their major to a campus that does not offer their major for the purpose of completing a minor.

Learning Outcomes

The Architectural History minor teaches exceptional visual acuity and analysis. Students will better understand space, design processes, and construction practice within historical periods. The minor also sharpens writing and verbal communication skills, and improves critical thinking.
