LANDSCAPE ARCHITECTURE, B.L.A.

Begin Campus: University Park

End Campus: University Park

Program Description
Landscape architecture is the art of design, planning, or management of the land and of the natural and built elements upon it. As an academic discipline, it embodies creative, cultural, philosophical, and scientific knowledge bases. As a professional discipline, the practice of landscape architecture includes site design, urban design, master planning, community planning, regional planning, resource conservation, and stewardship.

The program currently is a nine-semester curriculum leading to a professionally accredited Bachelor of Landscape Architecture degree. One semester of the curriculum is spent in a required semester abroad. The program prepares graduates for entry into professional offices or pursuit of advanced study in related disciplines. The curriculum develops both the creative insight and the technical skills essential to practice and fulfills the education requirement needed in all states to be eligible to take the professional licensing examination.

What is Landscape Architecture?
Landscape architecture is an important “change agent” design profession for the 21st century addressing both social and environmental challenges of our times. Landscape architects are licensed professionals who design places that have beneficial impacts on the health and resilience of our ecosystems, our communities, and ourselves—places of delight, of wonder, of comfort, and of respite that include parks, plazas, arboretas, campuses, gardens, memorials, green roofs, interactive installations, commercial centers, transportation corridors, waterfront developments, and so much more. In all of their efforts, Landscape architects are guided by commitment to social, environmental, and economic benefit. All of this makes landscape architecture “the most exciting 21st century design profession that you’ve probably never heard of.”

You Might Like This Program If...
- You are creative, active, involved.
- You want to be an agent of change and solve problems.
- You are passionate about sustainability.
- You are fascinated by people and cultures; inspired by history and traveling.
- You like technology and hands-on work.
- You enjoy working with a team and you want to design for the ‘big’ issues.
- You want to engage with art, nature, and design to unlock powerful solutions for the complex issues of today and tomorrow.

Entrance Procedures
Incoming First Year Students
Incoming first year students must apply to Penn State. Students who are accepted to Landscape Architecture will be directly admitted to the undergraduate professional degree (Larch_BLA). There is no portfolio required for incoming first year students.

Change of Major/Change of Campus Students
Change of major/change of campus students must have a cumulative GPA of 2.00 or above and are required to submit a cover letter and essay (https://arts.psu.edu/how-to-apply/#specific) by February 15. Students will be placed in either first or second year studio based on demonstrating proficiencies required for advanced placement standing.

Transfer Students
Transfer students must apply to Penn State. Transfer students are required to apply and submit a cover letter and essay (https://arts.psu.edu/how-to-apply/#specific) by February 15. Students will be placed in either first or second year studio based on demonstrating proficiencies required for advanced placement standing.

Degree Requirements
For the Bachelor of Landscape Architecture degree in Landscape Architecture, a minimum of 139 credits is required:

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Education</td>
<td>45</td>
</tr>
<tr>
<td>Electives</td>
<td>6</td>

</tr>
</tbody>
</table>

21 of the 45 credits for General Education are included in the Requirements for the Major. This includes: 9 credits of GN courses; 6 credits of GA courses; 3 credits of GH courses; 3 credits of GS courses.

Requirements for the Major
To graduate, a student enrolled in the major must earn a grade of C or better in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#82-44).

Select 3 credits of the following:
- LARCH 365W Contemporary Trends in Landscape Architecture 3
- LARCH 375 Human Dimensions of Design - Applied 3
- LARCH 386 Professional Practice 3
- LARCH 414 Design and Theory V. Advanced Landscape Architectural Design (5 per semester, maximum of 15) 15
- LARCH 424 Design Theory Seminar 3
- LARCH 499A Design Theory Seminar 1
- LARCH 499B Design and Theory VI. Contemporary/International Landscape Architectural Design Issues 5
- LARCH 499D Contemporary/International Special Topics 3

### Additional Courses

Select 6 credits of the following: 6
- AGECO 121 Plant Stress: It's Not Easy Being Green
- BIOL 127 Introduction to Plant Biology
- BISC 1 Structure and Function of Organisms
- BISC 2 Genetics, Ecology, and Evolution
- EGEE 102 Energy Conservation for Environmental Protection
- FOR 201 Global Change and Ecosystems
- GEOG 115 Landforms of the World
- GEOSC 303 Introduction to Environmental Geology
- HORT 150N Plants in the Human Context
- METEO 122 Atmospheric Environment: Growing in the Wind
- SOILS 71 Environmental Sustainability

Select 6 credits of the following: 6
- AA 121 Design Thinking and Creativity
- ARCH 100 Architecture and Ideas
- ARCH 210 Ideas Across Time in Architecture and Urbanism
- ART 20 Introduction to Drawing
- ART 30 Introduction to Sculpture
- ARTH 120 Asian Art and Architecture
- ARTH 140 Introduction to the Art and Architecture of the Mayas, Aztecs, and Incas
- ARTH 201 Ancient to Medieval Architecture
- ARTH 202
- ARTH 308N American Architecture
- ARTH 315
- ARTH 320
- ARTH 330
- ARTH 335 African Art
- GD 100 Introduction to Graphic Design

Select 3 credits of the following: 3
- AFR 191 Early African History
- AFR 192 Modern African History
- ASIA 100 What is Asia?
- FR 137 Paris: Anatomy of a Global City
- GEOG 122 The American Scene
- GER 100 German Culture and Civilization
- GER 200N Contemporary German Culture
- HIST 109 Introduction to U.S. Environmental History
- PHIL 13 Nature and Environment
- PHIL 118 Environmental Philosophy

Select 3 credits of the following: 3
- AFR 110N Introduction to Contemporary Africa
- ANTH 120 First Farmers
- CAS 222N Foundations: Civic and Community Engagement
- CED 155 Science, Technology and Public Policy
- GEOG 320 Urban Geography: A Global Perspective
- PLSC 22
- RPTM 120 Leisure and Human Behavior
- RSOC 11 Introductory Rural Sociology
- SOC 119N Race, Ethnicity and Culture

### General Education

Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

#### Foundations (grade of C or better is required.)
- Quantification (GQ): 6 credits
- Writing and Speaking (GWS): 9 credits

#### Knowledge Domains
- Arts (GA): 6 credits
- Health and Wellness (GHW): 3 credits
- Humanities (GH): 6 credits
- Social and Behavioral Sciences (GS): 6 credits
- Natural Sciences (GN): 9 credits

#### Integrative Studies (may also complete a Knowledge Domain requirement)
- Inter-Domain or Approved Linked Courses: 6 credits

### University Degree Requirements

#### First Year Engagement

All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

#### Cultures Requirement

6 credits are required and may satisfy other requirements.
Writing Across the Curriculum
3 credits required from the college of graduation and likely prescribed as part of major requirements.

Total Minimum Credits
A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

Quality of Work
Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

Limitations on Source and Time for Credit Acquisition
The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80)). For more information, check the Suggested Academic Plan for your intended program.

Integrated B.L.A. in Landscape Architecture and M.S. in Landscape Architecture
Requirements for the Integrated B.L.A. in Landscape Architecture and M.S. in Landscape Architecture can be found in the Graduate Bulletin (https://bulletins.psu.edu/graduate/programs/majors/landscape-architecture/#integratedundergradgradprogramstext).

Academic Advising
The objectives of the university’s academic advising program are to help advisees identify and achieve their academic goals, to promote their intellectual discovery, and to encourage students to take advantage of both in-and out-of-class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the habit of learning, advisers assume a significant educational role. The advisee’s unit of enrollment will provide each advisee with a primary academic adviser, the information needed to plan the chosen program of study, and referrals to other specialized resources.

Suggested Academic Plan
The suggested academic plan(s) listed on this page are the plan(s) that are in effect during the 2022-23 academic year. To access previous years’ suggested academic plans, please visit the archive (https://bulletins.psu.edu/undergraduate/archive/) to view the appropriate Undergraduate Bulletin edition (Note: the archive only contains suggested academic plans beginning with the 2018-19 edition of the Undergraduate Bulletin).

Landscape Architecture, B.L.A. at University Park Campus
The course series listed below provides only one of the many possible ways to move through this curriculum. The University may make changes in policies, procedures, educational offerings, and requirements at any time. This plan should be used in conjunction with your degree audit (accessible in LionPATH as either an Academic Requirements or What If report). Please consult with a Penn State academic adviser on a regular basis to develop and refine an academic plan that is appropriate for you.

### University Requirements and General Education Notes:

US and IL are abbreviations used to designate courses that satisfy University Requirements (United States and International Cultures).

W, M, X, and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.

GWS, GQ, GHW, GN, GA, GH, and GS are abbreviations used to identify General Education program courses. General Education includes Foundations (GWS and GQ) and Knowledge Domains (GHW, GN, GA, GH, GS, and Integrative Studies). Foundations courses (GWS and GQ) require a grade of 'C' or better.

Integrative Studies courses are required for the General Education program. N is the suffix at the end of a course number used to designate an Inter-Domain course and Z is the suffix at the end of a course number used to designate a Linked course.

All incoming Schreyer Honors College first-year students at University Park will take ENGL 137H/CAS 137H in the fall semester and ENGL 138T/CAS 138T in the spring semester. These courses carry the GWS designation and replace both ENGL 30H and CAS 100. Each course is 3 credits.

### Change of Major Application

A minimum grade point average of 2.0 and an essay submission to be evaluated. Students will be admitted in the fall semester only.

### Submission Requirements:

### Career Paths

Penn State Landscape Architecture graduates are well-prepared to join our distinguished professional alumni network with a clear path to licensure and making an immediate impact on the world. The Bachelor of Landscape Architecture (B.L.A.) program is designed to prepare graduates for either advanced study or professional careers. A B.L.A. degree provides students with a background in creativity, technical skills, and ethical considerations necessary for professional practice. Careers or graduate study can lead to a diverse array of focus areas, including sustainability, urban planning, research, social or environmental justice, design, ecology, social health and well-being, technology, construction, or community outreach.

### Careers

The world is constantly changing, and landscape architects are skilled designers poised to shape, drive, and responsibly steward these changes. Penn State landscape architects are artists, ecologists, engineers, scientists, sociologists, conservationists, and often, leaders. The profession enables you to connect with your passion. Engage with art, nature, and design. Build spaces, places, and experiences. Collaborate. Solve problems. Design a better future. A B.L.A. will prepare you with...
leading-edge technical design principles and a deep foundation in
technologies and design-thinking methods so that you can immediately
enter professional practice with a wide range of opportunities.

MORE INFORMATION ABOUT POTENTIAL CAREER OPTIONS FOR
GRADUATES OF THE LANDSCAPE ARCHITECTURE PROGRAM (https://
stuckeman.psu.edu/jobs/)

Opportunities for Graduate Studies

While the accredited B.L.A. prepares students for professional practice,
graders may opt to pursue advanced degrees to gain specialized
expertise. Penn State’s M.S. in LA is a research-focused degree in which
students hone expertise in a targeted area of the profession. M.S. in LA
applicants should hold an accredited professional degree in landscape
architecture. Penn State also offers an online graduate certificate and
a Master in Professional Studies degree program in Geodesign, an
exciting, new, design and planning strategy that harnesses big data to
ensure wise decisions grounded in the triple bottom line of sustainability:
environmental, social, and economic good.

MORE INFORMATION ABOUT OPPORTUNITIES FOR GRADUATE STUDIES
(http://stuckeman.psu.edu/larch/)

Professional Resources

• The American Society of Landscape Architects (ASLA) (https://
  www.asla.org/)

Accreditation

The BLA undergraduate curriculum is accredited by the Landscape
Architectural Accreditation Board (LAAB). The mission of LAAB is to
evaluate, advocate for, and advance the quality of education in landscape
architectural programs. LAAB establishes standards that ensure that
current and future practitioners understand, obtain and maintain the
knowledge, skills and abilities required to practice landscape architecture
in the future.

MORE INFORMATION ABOUT ACCREDITATION OF THE LANDSCAPE
ARCHITECTURE PROGRAM (http://stuckeman.psu.edu/larch/
accreditation/)

Professional Licensure/Certification

Many U.S. states and territories require professional licensure/
certification to be employed. If you plan to pursue employment in a
licensed profession after completing this program, please visit the
Professional Licensure/Certification Disclosures by State (https://
psu.edu/state-licensure-disclosures/) interactive map.
