THEATRE, B.F.A.

Begin Campus: University Park
End Campus: University Park

Program Description
Not all options are available at every campus. Contact the campus you are interested in attending to determine which options are offered.

The Bachelor of Fine Arts in Theatre offers two options: Design and Technology, and Stage Management.

Design and Technology Option
The B.F.A. degree in Theatre with the Design and Technology option is intended to develop a level of competence that will enable students who wish to pursue professional careers in theatre design, theatre technology and related entertainment fields to prepare themselves for specialized graduate studies, specialized professional training and/or immediate participation in creative work. The prescribed core curriculum introduces students to each of the theatre design areas and provides them with a basic skill level in technology. The curriculum also features acting, directing, script analysis, theatre history and criticism.

Stage Management Option
For the B.F.A. degree in Theatre with the Stage Management option is intended to provide students with specialized training leading to a high level of competence in the stage management field. Graduates should be able to begin professional work or pursue further training at the graduate level. The Stage Management option is intended to educate students for a career in stage management for theatre.

What is Theatre?
Theatre is an interdisciplinary approach to sharing stories through text, design, movement, and more. It’s reflective of the cultures and societies that produce it. Theatre is a sensory experience for the viewer and the participant—it brings together art, culture, entertainment, and more in productions that provoke and inspire an audience.

You Might Like This Program If...
- You like being in theatre but don’t necessarily want to be onstage!
- You like being around highly creative people working on highly creative projects.
- Working with others through collaboration makes you hum.
- You love being a part of something from start to finish, and you’re fascinated by the way design and theatrical elements come together, then this may be the major for you!

Entrance to Major
Acceptance into the Design and Technology option is based on a faculty interview and portfolio review. Acceptance into the Stage Management option is based on a faculty interview and production book review.

Entrance Procedures
Incoming First Year Students
Incoming first year students must apply to Penn State. Undergraduate applications for admission to Penn State must be complete and submitted before uploading the required documentation for application to the major. Within the Theatre, BFA degree students have two options to pursue; design and technology (with emphasis areas in costume design, lighting design, set design, sound design or technical direction) or stage management. Students will apply to the option that best fits their interest. Application requirements for both options should be uploaded at least two weeks prior to an applicant’s preferred interview date. Design and technology application information can be found at: https://theatre.psu.edu/programs/design-and-technology-bfa-requirements, and stage management application can be found at: https://theatre.psu.edu/programs/stage-management-bfa-requirements. Applicants who are accepted will be directly admitted to the Theatre, BFA major.

Change of Major/Change of Campus Students
Change of Major/Change of Campus students must have a cumulative GPA of 2.00 or above to be eligible for the Theatre, BFA major. Within the Theatre, BFA degree students have two options to pursue, design and technology (with emphasis areas in costume design, lighting design, set design, sound design or technical direction) or stage management. Students will apply to the option that best fits their interest. Application requirements for both options should be uploaded at least two weeks prior to an applicant’s preferred interview date. Design and technology application information can be found at: https://theatre.psu.edu/programs/design-and-technology-bfa-requirements, and stage management application can be found at: https://theatre.psu.edu/programs/stage-management-bfa-requirements. On-campus interviews are required and applicants will have the opportunity to choose from several scheduled interview dates. Applicants who are accepted to the Theatre, BFA program will be directly admitted to the major.

Transfer Students
Transfer students must apply to Penn State. Within the Theatre, BFA degree students have two options to pursue, design and technology (with emphasis areas in costume design, lighting design, set design, sound design or technical direction) or stage management. Students will apply to the option that best fits their interest. Application requirements for both options should be uploaded at least two weeks prior to an applicant’s preferred interview date. Design and technology application information can be found at: https://theatre.psu.edu/programs/design-and-technology-bfa-requirements, and stage management application can be found at: https://theatre.psu.edu/programs/stage-management-bfa-requirements. On-campus interviews are required and applicants will have the opportunity to choose from several scheduled interview dates. Applicants who are accepted to the Theatre, BFA program will be directly admitted to the major.

Degree Requirements
For the Bachelor of Fine Arts degree in Theatre, both Design and Technology and Stage Management options require a minimum of 120 credits:

</table>

0-6 of the 45 credits for General Education are included in the Requirements for the Major. This includes: Sound Design emphasis--3 credits of GN courses and 3 credits of GA courses. Scene Design emphasis--3 credits of GA courses.
General Education
Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (http://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

Foundations (grade of C or better is required.)
- Quantification (GQ): 6 credits
- Writing and Speaking (GWS): 9 credits

Knowledge Domains
- Arts (GA): 6 credits
- Health and Wellness (GHW): 3 credits
- Humanities (GH): 6 credits
- Social and Behavioral Sciences (GS): 6 credits
- Natural Sciences (GN): 9 credits

Integrative Studies (may also complete a Knowledge Domain requirement)
- Inter-Domain or Approved Linked Courses: 6 credits

University Degree Requirements
First Year Engagement
All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

Cultures Requirement
6 credits are required and may satisfy other requirements
- United States Cultures: 3 credits
- International Cultures: 3 credits

Writing Across the Curriculum
3 credits required from the college of graduation and likely prescribed as part of major requirements.

Total Minimum Credits
A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

Quality of Work
Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

Limitations on Source and Time for Credit Acquisition
The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80)). For more information, check the Suggested Academic Plan for your intended program.

Requirements for the Major
A grade of C or better is required for all courses in the major. To graduate, a student enrolled in the major must earn at least a C grade in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#82-44).

Learning Outcomes

B.F.A. Design and Technology

• Prepare students for the next phase of their career, either as working professionals or graduate students.
• Provide a well-rounded experience and emphasize the value of every area in Design and Technical Theatre.
• Forge a collegial atmosphere that lends itself to effective collaboration and communication throughout the School of Theatre.
• Inspire an interest in other areas of the arts and humanities, and promote a lifelong passion for learning.
• Facilitate the acquisition of life skills, in addition to technical knowledge.

Expected Learning Outcomes for Stage Management

• Learn professional standards of reading a play for production, preparing for rehearsals as well as technical rehearsals.
• Demonstrate skills for managing and maintaining performances and performance levels.
• Create an environment for the collaboration of artists, developing teams, and building team dynamics.
• Learn the fundamentals of management and financial for performance and events.
• Gain an understanding of organizational structure as well as the union structure of the entertainment industry.

Academic Advising

The objectives of the university’s academic advising program are to help advisees identify and achieve their academic goals, to promote their intellectual discovery, and to encourage students to take advantage of both in-and out-of class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the habit of learning, advisers assume a significant educational role. The advisee’s unit of enrollment will provide each advisee with a primary academic adviser, the information needed to plan the chosen program of study, and referrals to other specialized resources.

Career Paths

Successful graduates will be prepared to begin professional work or pursue further training at the graduate level.

Careers

The Theatre Production option prepares students for both entry-level and management positions in national and regional venues/production companies. Students may also pursue careers in film or television production. The Stage Management option prepares students for careers as arts managers, tour managers, arena management, casting directors, office managers, production managers, any advance planning careers.

Opportunities for Graduate Studies

While graduates of the programs in State Management and Design and Technology may opt to pursue master of fine arts (M.F.A.) programs in specialized topics or focus areas, professional practice opportunities are readily available to bachelor of fine arts graduates.
