BIOLOGY, B.S. (BEHREND)

Begin Campus: Any Penn State Campus

End Campus: Erie

Program Learning Objectives

• **Biological structures:** Students will be able to articulate and explain for multiple levels of the biological hierarchy the physical and chemical characteristics of biological structures influence their function.

• **Energy and Matter:** Students will be able to articulate and explain for multiple levels of the biological hierarchy that organisms captures and transform energy and matter.

• **Evolution:** Students will be able to articulate and explain for multiple levels of the biological hierarchy that evolution explains the diversity and unity of life.

• **Genetics of organisms:** Students will be able to articulate and explain for multiple levels of the biological hierarchy that organisms store and process information.
