

COMPUTER ENGINEERING, MINOR (BEHREND)

Requirements for a minor may be completed at any campus location offering the specified courses for the minor. Students may not change from a campus that offers their major to a campus that does not offer their major for the purpose of completing a minor.

Career Paths

The minor in Computer Engineering can be pursued by students enrolled in several of the School of Engineering degree programs. Penn State Behrend has a comprehensive support system to help you identify and achieve your goals for college and beyond. Meet with your academic adviser often, and take advantage of the services offered by the Academic and Career Planning Center beginning with your first semester.

Careers

The Computer Engineering minor has been designed so that you can choose technical electives in either computer hardware or in software. This allows you to better integrate the minor with your major degree program, tailoring it to the career path of your choosing.
