MATHEMATICS, B.S. (BEHREND)

Begin Campus: Any Penn State Campus
End Campus: Erie

Degree Requirements
For the Bachelor of Science degree in Mathematics, a minimum of 120 credits is required:

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Education</td>
<td>45</td>
</tr>
<tr>
<td>Electives</td>
<td>7-8</td>

</tr>
</tbody>
</table>

18-24 of the 45 credits for General Education are included in the Requirements for the Major. This includes: 9 credits of GN courses; 6 credits of GQ courses; 0-6 credits of GS courses; 3 credits of GWS courses.

Per Senate Policy 83.80.5, the college dean or campus chancellor and program faculty may require up to 24 credits of coursework in the major to be taken at the location or in the college or program where the degree is earned.

Requirements for the Major
A student enrolled in this major must earn at least a grade of C in each 300- and 400-level course in the major.

To graduate, a student enrolled in the major must earn a grade of C or better in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#82-44).

Select two of the following: 6

- MATH 421 Complex Analysis
- MATH 426 Introduction to Modern Geometry
- MATH 427 Foundations of Geometry
- MATH 429 Introduction to Topology
- MATH 435 Basic Abstract Algebra
- MATH 436 Linear Algebra
- MATH 465 Number Theory

Supporting Courses and Related Areas
Supporting Courses and Related Areas: Require a grade of C or better
Select 9 credits from a school-approved list 9

Business Option (43 credits)
A maximum of 30 credits through the School of Business may be used to fulfill General Education, Major Requirements and Option Requirements.

Additional Courses

Chemical Principles I
& Chemical Principles II
& Chemical Principles I
& Chemical Principles II
General Physics: Mechanics
& General Physics: Electricity and Magnetism
Introductory Physics I
& Introductory Physics II
Additional Courses: Require a grade of C or better

Select 6 credits from CMPSC 221 or higher, except CMPSC 360, and MIS 336

Select two of the following: 6 credits

- ECON 481 Business Forecasting Techniques
- ECON 485 Econometric Techniques
- FIN 301 Corporation Finance
- FIN 405 Advanced Financial Management
- FIN 420 Investment and Portfolio Analysis
- FIN 427 Derivative Securities
- MGMT 301 Basic Management Concepts
- MGMT 331 Management and Organization
- MGMT 341 Human Resource Management
- MKTG 301 Principles of Marketing

Select two of the following: 6 credits

- MATH 421 Complex Analysis
- MATH 426 Introduction to Modern Geometry
- MATH 427 Foundations of Geometry
- MATH 429 Introduction to Topology
- MATH 435 Basic Abstract Algebra
- MATH 436 Linear Algebra
- MATH 455 Introduction to Numerical Analysis I
- MATH 456 Introduction to Numerical Analysis II
- MATH 465 Number Theory
- MATH 482 Mathematical Methods of Operations Research
- STAT 414 Introduction to Probability Theory
- STAT 461 Analysis of Variance
- STAT 462 Applied Regression Analysis
- STAT 464 Applied Nonparametric Statistics
- STAT 466 Survey Sampling

Select two of the following: 6 credits

- MATH 412 Fourier Series and Partial Differential Equations
- MATH 421 Complex Analysis
- MATH 426 Introduction to Modern Geometry
- MATH 427 Foundations of Geometry
- MATH 429 Introduction to Topology
- MATH 435 Basic Abstract Algebra
- MATH 436 Linear Algebra
- MATH 455 Introduction to Numerical Analysis I
- MATH 456 Introduction to Numerical Analysis II
- MATH 465 Number Theory
- MATH 482 Mathematical Methods of Operations Research
- STAT 414 Introduction to Probability Theory
- STAT 461 Analysis of Variance
- STAT 462 Applied Regression Analysis
- STAT 464 Applied Nonparametric Statistics
- STAT 466 Survey Sampling

Select three of the following: 9 credits

- MATH 403 Classical Analysis I
- MATH 421 Complex Analysis
- MATH 429 Introduction to Topology
- MATH 435 Basic Abstract Algebra

Supporting Courses and Related Areas

Supporting Courses and Related Areas: Require a grade of C or better

Select 12 credits from a school-approved list

Select 12 credits from a school-approved list

Pure Mathematics Option (36 credits)

Code | Title | Credits
-----|-------|-------

Additional Courses

Select six of the following: 18 credits

- MATH 310 Elementary Combinatorics
- MATH 412 Fourier Series and Partial Differential Equations
- MATH 421 Complex Analysis
- MATH 426 Introduction to Modern Geometry
- MATH 427 Foundations of Geometry
- MATH 429 Introduction to Topology
- MATH 435 Basic Abstract Algebra
- MATH 436 Linear Algebra
- MATH 455 Introduction to Numerical Analysis I
- MATH 456 Introduction to Numerical Analysis II
- MATH 465 Number Theory
- MATH 482 Mathematical Methods of Operations Research
- STAT 414 Introduction to Probability Theory
- STAT 461 Analysis of Variance
- STAT 462 Applied Regression Analysis
- STAT 464 Applied Nonparametric Statistics
- STAT 466 Survey Sampling

Select three of the following: 9 credits

- MATH 403 Classical Analysis I
- MATH 421 Complex Analysis
- MATH 429 Introduction to Topology
- MATH 435 Basic Abstract Algebra

Supporting Courses and Related Areas

Supporting Courses and Related Areas: Require a grade of C or better

Select 9 credits from a school-approved list

General Education

Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

Foundations (grade of C or better is required.)

- Quantification (GQ): 6 credits
- Writing and Speaking (GWS): 9 credits
Knowledge Domains
- Arts (GA): 6 credits
- Health and Wellness (GHW): 3 credits
- Humanities (GH): 6 credits
- Social and Behavioral Sciences (GS): 6 credits
- Natural Sciences (GN): 9 credits

Integrative Studies (may also complete a Knowledge Domain requirement)
- Inter-Domain or Approved Linked Courses: 6 credits

University Degree Requirements
First Year Engagement
All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

Cultures Requirement
6 credits are required and may satisfy other requirements
- United States Cultures: 3 credits
- International Cultures: 3 credits

Writing Across the Curriculum
3 credits required from the college of graduation and likely prescribed as part of major requirements.

Total Minimum Credits
A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

Quality of Work
Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

Limitations on Source and Time for Credit Acquisition
The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80)). For more information, check the Suggested Academic Plan for your intended program.
