University Requirements and General Education Notes:

US and IL are abbreviations used to designate courses that satisfy University Requirements (United States and International Cultures).

W, M, X, and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.

GWS, GQ, GHW, GN, GA, GH, and GS are abbreviations used to identify General Education program courses. General Education includes Foundations (GWS and GQ) and Knowledge Domains (GHW, GN, GA, GH, GS, and Integrative Studies). Foundations courses (GWS and GQ) require a grade of 'C' or better.

Integrative Studies courses are required for the General Education program. N is the suffix at the end of a course number used to designate an Inter-Domain course and Z is the suffix at the end of a course number used to designate a Linked course.

Program Notes:

- Only students who have gone through the entrance to major (ETM) process and have been accepted into this major may register for third- and fourth-year courses.

School-Approved Electives for Software Engineering:

- Technical electives allow students to choose areas of interest to explore. Technical electives come in two flavors, primary and secondary. Primary technical electives are those courses offered to CSSE majors which are not required for the Software Engineering major. Secondary technical electives are offered outside your home

department and give you broader latitude. Students must complete at least two primary technical electives, and, at most, one secondary technical elective.

• **Primary Technical Electives:**

- Any 300 or 400-level EE course
- Any 300 or 400-level CMPEN course not already required for the major
- Any 300 or 400-level CMPSC (except for CMPSC 474 and CMPSC 335) course not already required for the major
- Any 300 or 400-level SWENG course not already required for the major
- GAME 450 – Advanced GAME Programming
- GAME 480 – GAME Development Project

• **Secondary Technical Electives:**

- SWENG 395 – Internship (Fall/Spring)
- SWENG 495 – Internship (Fall/Spring)
- MIS 430 – Systems Analysis (Fall/Spring)
- MIS 435 – Systems Design and Implementation (Fall/Spring)
- MIS 445 – Management Report Systems (Fall)
- MIS 470 – Advanced Applications Development (Spring)
- MGMT 409 – Project Management for Engineers (Fall/Spring)
- PSYCH 444 – Engineering Psychology (Fall)
- ECON 481 – Business Forecasting Techniques (Fall)
- ECON 485 – Econometric Techniques (Fall)
- MATH 455 – Introduction to Numerical Analysis I (Fall)
- MATH 456 – Introduction to Numerical Analysis II (Spring – Even Years)
