APPLIED PSYCHOLOGY, B.A.

Begin Campus: Any Penn State Campus

End Campus: Berks

Program Description
This major is designed for students who are interested in a liberal arts degree with a concentration in applied psychology. The program features both active and collaborative classroom experiences in addition to intensive internship experiences, and is most appropriate for students who wish to develop a set of applied scientific and human relations skills that will prepare them for entry-level employment in a wide range of government and private human service organizations and agencies, and in business and industry. Because of the flexible and broad nature of the degree, students might also use this major as a preparation for graduate or professional school in business, human services, law, or the social sciences.

This program differs most notably from traditional majors in psychology in three ways:

1. It is intended for students who may not be planning to pursue a doctoral degree in psychology that would prepare them for a career as a psychologist.
2. It requires that students learn and apply skills during 12 credits of internship experiences.
3. It requires that students demonstrate skill proficiency in a comprehensive assessment in order to graduate.

What is Applied Psychology?
If you enjoy interacting and helping people and you are looking for a degree where you will gain considerable real-world experience, the Bachelor of Arts in Applied Psychology may be the right degree for you. Applied psychology is the use of psychological methods and findings to solve practical problems. Some of the areas within Applied Psychology include clinical, counseling, industrial and organizational, forensic, school, and community psychology, just to name a few. The flexible and broad nature of the degree also allows you to use this major as preparation for graduate or professional school in business, human services, law, or the social sciences.

You Might Like This Program If...
- You are interested in earning a degree that will allow you to interact with and help others.
- You would enjoy a degree program that offers intensive internship experiences, giving you marketable skills.
- You would like the flexibility of a broad, liberal arts major that prepares you to enter a variety of fields or to enter graduate or professional school.

MORE INFORMATION ABOUT APPLIED PSYCHOLOGY (http://berks.psu.edu/ba-applied-psychology)

Entrance to Major
In order to be eligible for entrance to this major, a student must:

1. attain at least a C (2.00) cumulative grade-point average for all courses taken at the University; and

READ SENATE POLICY 37-30: ENTRANCE TO AND CHANGES IN MAJOR PROGRAMS OF STUDY (http://senate.psu.edu/policies-and-rules-for-undergraduate-students/37-00-entrance-to-a-college-or-major)

Degree Requirements
For the Bachelor of Arts degree in Applied Psychology, a minimum of 127 credits is required:

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Education</td>
<td>45</td>
</tr>
<tr>
<td>Electives</td>
<td>8-24</td>
</tr>
<tr>
<td>Bachelor of Arts Degree Requirements</td>
<td>24</td>
</tr>
<tr>
<td>Requirements for the Major</td>
<td>50</td>
</tr>
</tbody>
</table>

0-4 of the 45 credits for General Education are included in the Requirements for the Major. This includes 0-4 credits of General Education GQ courses.

3 of the 24 credits for Bachelor of Arts Degree Requirements are included in the Requirements for the Major, General Education, or Electives and 0-12 credits are included in Electives if foreign language proficiency is demonstrated by examination.

General Education
Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (http://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

Foundations (grade of C or better is required.)
- Quantification (GQ): 6 credits
- Writing and Speaking (GWS): 9 credits

Knowledge Domains
- Arts (GA): 6 credits
- Health and Wellness (GHW): 3 credits
- Humanities (GH): 6 credits
- Social and Behavioral Sciences (GS): 6 credits
- Natural Sciences (GN): 9 credits

Integrative Studies (may also complete a Knowledge Domain requirement)
- Inter-Domain or Approved Linked Courses: 6 credits
University Degree Requirements

First Year Engagement
All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

Cultures Requirement
6 credits are required and may satisfy other requirements
- United States Cultures: 3 credits
- International Cultures: 3 credits

Writing Across the Curriculum
3 credits required from the college of graduation and likely prescribed as part of major requirements.

Total Minimum Credits
A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

Quality of Work
Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

Limitations on Source and Time for Credit Acquisition
The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80)). For more information, check the Suggested Academic Plan for your intended program.

B.A. Degree Requirements

Foreign Language (0-12 credits): Student must attain 12th credit level of proficiency in one foreign language. See the Placement Policy for Penn State Foreign Language Courses (http://bulletins.psu.edu/undergraduate/general-information/academic-information/advising-planning-degree-program/course-placements/placement-policy-world-language-courses).

B.A. Fields (9 credits): Humanities, Social and Behavioral Sciences, Arts, Foreign Languages, Natural Sciences, Quantification (may not be taken in the area of the student’s primary major; foreign language credits in this category must be in a second foreign language or beyond the 12th credit level of proficiency in the first language)

Other Cultures (0-3 credits): Select 3 credits from approved list. Students may count courses in this category in order to meet other major, minor, elective, or General Education requirements, except for the General Education US/IL requirement.

Requirements for the Major

A grade of C or better is required for all courses in the major. To graduate, a student enrolled in the major must earn at least a C grade in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#82-44).

Supporting Courses and Related Areas

Supporting Courses and Related Areas: Require a grade of C or better
Program Learning Objectives

Content Knowledge:

1. Students will demonstrate knowledge of major psychological concepts, theories, and empirical findings.
2. Students will demonstrate the ability to apply psychological concepts and theories to research and real-life situations.
3. Students will demonstrate knowledge about the history, values, and scientific foundations of the field of psychology.
4. Students will demonstrate knowledge of the basic principles of professional ethics, including the APA Ethical Standards of Psychologists and the APA Standards of Educational and Psychological Testing.

Thinking Skills:

1. Students will use critical and creative thinking, skeptical inquiry, and the scientific approach to solve problems related to behavior and mental processes.
2. Students will demonstrate critical thinking in the analysis, evaluation, and interpretation of information in the scientific literature to distinguish the scientific literature from other sources.
3. Students will demonstrate the ability to formulate and defend one's own scholarly opinion based on reading, interpreting, and synthesizing psychological literature.

Communication Skills:

1. Students will communicate effectively (in writing and/or orally) the results of a project or internship.
2. Students will demonstrate the ability to effectively extract central points and summarize psychological research literature and to write in the format of psychological research.
3. Students will demonstrate the ability to translate psychological knowledge into everyday language.

Research Skills:

1. Students will differentiate among the research methods used in psychology and apply the designs in evaluation or development of a research study.
2. Students will demonstrate the ability to analyze and interpret quantitative psychological data using statistics, graphs, and data tables.

Professional Skills:

1. Students will develop awareness of personal career-related strengths and weaknesses based on internship site-supervisor evaluations and self-reflection.
2. Students will understand career options in psychology and research-related fields.
3. Students will demonstrate sensitivity to ethical concerns and professionalism in all settings where applications of psychology and/or psychological research occur, including internship experiences.

Academic Advising

The objectives of the university's academic advising program are to help advisees identify and achieve their academic goals, to promote their intellectual discovery, and to encourage students to take advantage of both in-and out-of-class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the habit of learning, advisers assume a significant educational role. The advisee's unit of enrollment will provide each advisee with a primary academic adviser, the information needed to plan the chosen program of study, and referrals to other specialized resources.

University Requirements and General Education Notes:

US and IL are abbreviations used to designate courses that satisfy University Requirements (United States and International Cultures).

W, M, X, and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.

GWS, GQ, GH, GN, GA, GH, and GS are abbreviations used to identify General Education program courses. General Education includes Foundations (GWS and GQ) and Knowledge Domains (GHW, GN, GA, GH, GS, and Integrative Studies). Foundations courses (GWS and GQ) require a grade of ‘C’ or better.

Integrative Studies courses are required for the General Education program. N is the suffix at the end of a course number used to designate an Inter-Domain course and Z is the suffix at the end of a course number used to designate a Linked course.

Bachelor of Arts Requirements:

Bachelor of Arts students must take 9 credits in Bachelor of Arts (B.A.) Fields (Humanities; Social and Behavioral Sciences; Arts; World Languages [2nd language or beyond the 12th credit level of proficiency in the 1st]; Natural Sciences; Quantification). The B.A. Fields courses may not be taken in the area of the student’s primary major. See your adviser and the Degree Requirements section (http://bulletins.psu.edu/undergraduate/general-information/academic-information) of this Bulletin.

Bachelor of Arts students must take 3 credits in Other Cultures. See your adviser and the full list of courses approved as Other Cultures courses (http://bulletins.psu.edu/undergraduate/general-education/course-lists/ba-other-cultures).

1 A total of twelve (12) credits of internship experience is required in the junior and senior years. Internship experiences are typically scheduled in units of three (3) to six (6) credits in consultation with the Penn State Berks internship supervisor. Consult adviser for details.

2 Students interested in pursuing a Master in Social Work (MSW) may need to complete the following liberal arts core requirements with a final grade of a C or better in order to be admitted: English Composition, Human Biology, Humanities, Mathematics, Political Science, Psychology, and Sociology. Consult adviser for details.

Career Paths

Applied Psychology provides an excellent academic foundation for students to enter a wide variety of careers in which they will be interacting with and helping others.

Careers

Graduates will be prepared for positions in the following fields: behavioral medicine centers, child and youth advocacy agencies, children’s homes and residential treatment centers, community action agencies, community mental health centers, correctional facilities, day care and nursery schools, domestic violence agencies, drug and alcohol treatment facilities, family services agencies, geriatric care centers and residences, psychiatric inpatient units, and rehabilitation centers. Graduates are also well prepared to enter the business world and work in human resources, management, and marketing.

MORE INFORMATION ABOUT POTENTIAL CAREER OPTIONS FOR GRADUATES OF THE APPLIED PSYCHOLOGY PROGRAM (http://berks.psu.edu/career-opportunities-applied-psychology-graduates)

Opportunities for Graduate Studies

The B.A. in Applied Psychology also prepares students for graduate study in fields such as business, counseling and clinical psychology, human and social services, industrial and organizational psychology, public policy, school psychology, social work, and law.
