INFORMATION SCIENCES AND TECHNOLOGY, B.S. (BERKS)

Begin Campus: Any Penn State Campus
End Campus: Berks

Program Description
Not all options are available at every campus. Contact the campus you are interested in attending to determine which options are offered.

This major is structured to provide students with the theoretical frameworks and skill sets necessary to compete and be productive in the information technology-intensive global context that defines the new "Information Age." Specifically, the degree will be focused on a program that will build an understanding of core information technologies and related areas of study; will prepare students for the practical application of various information sciences and related technologies; and engage students in sharpening their abilities to think critically and to work in teams. All this will be done with considerable interdisciplinary integration in order to expose students to the cognitive, social, institutional, and global environments of IST. Team projects in most courses, a required internship, and a senior capstone experience provide additional, focused venues for involving students in the cutting-edge issues and technologies of the field.

Information Context: People, Organizations, and Society Option
Available at the following campuses: Beaver, Berks, Scranton, University Park

This option focuses on how information technology affects social change and the delivery of information to the consumer. This includes the human-machine interface; organization and retrieval of information; digital libraries; information and telecommunications services; information and media industry structures; software services and intermediaries; telecommunications and information law and policy; sociological aspects of technology change; multimedia; and art, design, and aesthetics.

Information Systems: Design & Development Option
Available at the following campuses: Abington, Beaver, Berks, Brandywine, Harrisburg, Lehigh Valley, Scranton, University Park, World Campus, York

This option is focused on expanding the skills needed to develop advanced information technology systems using state-of-the-art tools and techniques. The emphasis is on providing the student with both the theoretical frameworks and skill set needed for integrating information technology into different systems for the purpose of enhancing system performance. The emphasis is on providing the student with both the theoretical frameworks needed to use information technology as a system attribute as well as a set of application-oriented experiences and skills.

What is Information Sciences and Technology?
Information Sciences and Technology is a discipline that explores how we can strengthen the power of information and technology, and use it to increase human potential. This includes focusing on creating innovative systems and technological solutions that benefit businesses, organizations, and individuals, and understanding the role of technology in how we live our lives.

MORE INFORMATION ABOUT INFORMATION SCIENCES AND TECHNOLOGY (https://ist.psu.edu/prospective/undergraduate/academics/ist)

You Might Like This Program If...
- You want to develop new software and web applications, help businesses operate more effectively by creating and implementing technological solutions, or understand how technology is connected to broader social issues.
- You are interested in technology but also want to work with people.
- You enjoy coming up with creative solutions to difficult challenges.

MORE INFORMATION ABOUT WHY STUDENTS CHOOSE TO STUDY INFORMATION SCIENCES AND TECHNOLOGY (https://ist.psu.edu/prospective/undergraduate/academics/ist)

Entrance to Major
To be eligible for entrance to the Information Sciences and Technology (ISTBS) major, students must:

1. have completed the following entrance-to-major requirements with a grade of C or better in each: IST 110; IST 140 (or equivalent CMPSC 101 or CMPSC 121); IST 210; and IST 220.
2. have achieved a minimum cumulative grade point average of 2.00 prior to and through the end of the semester during which the entrance-to-major procedure is carried out.

Entrance to the Integrated Undergraduate-Graduate (IUG) Program
The Integrated Undergraduate Graduate (IUG) program is available for strong undergraduate students who wish to pursue a bachelor’s and master’s degree in a shorter period of time than would be necessary if the degrees were pursued separately. Information Sciences and Technology undergraduates may apply for admission to the ISTBS/ISTMS IUG program as early as February 15 of their sophomore year and no later than February 15 of their junior year after completing a minimum of 60 credits, if they meet the following admission requirements:

1. Must be enrolled in the ISTBS undergraduate degree program.
2. Must have completed 60 credits of an ISTBS undergraduate degree program.
3. Must have an overall GPA of 3.5 (or a 4.0 scale) in undergraduate coursework and a minimum GPA of 3.5 in all coursework completed for the major.

Credits, if they meet the following admission requirements:
- February 15 of their junior year after completing a minimum of 60 credits, if they meet the following admission requirements:
- February 15 of their sophomore year and no later than February 15 of their junior year after completing a minimum of 60 credits, if they meet the following admission requirements:
- Must be enrolled in the ISTBS undergraduate degree program.
- Must have completed 60 credits of an ISTBS undergraduate degree program.
- Must have an overall GPA of 3.5 (or a 4.0 scale) in undergraduate coursework and a minimum GPA of 3.5 in all coursework completed for the major.

MORE INFORMATION ABOUT WHY STUDENTS CHOOSE TO STUDY INFORMATION SCIENCES AND TECHNOLOGY (https://ist.psu.edu/prospective/undergraduate/academics/ist)
4. Must apply to and be accepted without reservation into the Graduate School and M.S. program in Informatics. Students must complete the Graduate School application (http://gradschool.psu.edu/apply/).
5. Must apply to the IUG program by February 15 of their junior year.

Degree Requirements

For the Bachelor of Science degree in Information Sciences and Technology, a minimum of 125 credits is required:

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Education</td>
<td>45</td>
</tr>
<tr>
<td>Electives</td>
<td>8</td>
</tr>
<tr>
<td>Requirements for the Major</td>
<td>84</td>
</tr>
</tbody>
</table>

12 of the 45 credits for General Education are included in the Requirements for the Major. This includes 12 credits of General Education courses: 6 credits of GQ courses; 3 credits of GS courses; and 3 credits of GWS courses.

General Education

Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

Foundations (grade of C or better is required.)
- Quantification (GQ): 6 credits
- Writing and Speaking (GWS): 9 credits

Knowledge Domains
- Arts (GA): 6 credits
- Health and Wellness (GH): 3 credits
- Humanities (GH): 6 credits
- Social and Behavioral Sciences (GS): 6 credits
- Natural Sciences (GN): 9 credits

Integrative Studies (may also complete a Knowledge Domain requirement)
- Inter-Domain or Approved Linked Courses: 6 credits

University Degree Requirements

First Year Engagement
All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

Cultures Requirement
6 credits are required and may satisfy other requirements
- United States Cultures: 3 credits
- International Cultures: 3 credits

Writing Across the Curriculum
3 credits required from the college of graduation and likely prescribed as part of major requirements.

Total Minimum Credits
A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

Quality of Work
Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

Limitations on Source and Time for Credit Acquisition
The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80)). For more information, check the Suggested Academic Plan for your intended program.

Requirements for the Major
To graduate, a student enrolled in the major must earn a grade of C or better in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#82-44).

Additional Courses: Require a grade of C or better
ENGL 202C  Effective Writing: Technical Writing  3
   or ENGL 202D  Effective Writing: Business Writing  3
MATH 110  Techniques of Calculus I  4
   or MATH 140  Calculus With Analytic Geometry I  4
Select one of the following:  3
   CMPSC 101  Introduction to Programming  3
   CMPSC 121  Introduction to Programming Techniques  3
   IST 140  Introduction to Application Development  3
Select one of the following:  3
   ECON 14  Principles of Economics  3
   ECON 102  Introductory Microeconomic Analysis and Policy  3
   ECON 104  Introductory Macroeconomic Analysis and Policy  3
Supporting Courses and Related Areas
   Attainment of third-level proficiency in a single foreign language
   Support: Require a grade of C or better  12
Select 6 credits of international courses in foreign culture from
College-approved list  6
Supporting Courses and Related Areas: Require a grade of C or better
Select 3 credits at the 400 level in emerging issues and technologies
Select 3 credits from College-approved list  3
Requirements for the Option
Select an option  24

1 Proficiency must be demonstrated by either examination or course
work. See the admission section of the general information in this
Bulletin for the placement policy for Penn State foreign language
courses.

Requirements for the Option
Information Context: People, Organizations, and Society Option (24 credits)
Available at the following campuses: Beaver, Berks, Scranton, University Park

Code   Title   Credits
Prescribed Courses
Prescribed Courses: Require a grade of C or better
IST 431  The Information Environment  6
   & IST 432  and Legal and Regulatory Environment of
   Information Science and Technology
Additional Courses
Additional Courses: Require a grade of C or better
IST 240  Introduction to Computer Languages  3
   or IST 242  Intermediate & Object-Oriented Application
   Development
IST 302  IT Project Management  3
   or IST 413  Usability Engineering
Supporting Courses and Related Areas
Select 12 credits from College-approved list (at least 3 credits at the
400-level and no more than 6 credits below the 200-level)  12

Information Systems: Design & Development Option (24 credits)
Available at the following campuses: Abington, Beaver, Berks, Brandywine,
Harrisburg, Lehigh Valley, Scranton, University Park, World Campus, York

Code   Title   Credits
Prescribed Courses
Prescribed Courses: Require a grade of C or better
IST 242  Intermediate & Object-Oriented Application
   Development  3
IST 311  Object-Oriented Design and Software Applications  3
Additional Courses
Additional Courses: Require a grade of C or better
IST 261  Application Development Design Studio I  3
   or IST 361  Application Development Design Studio II
Select 6 credits of the following:  6
   IST 411  Distributed-Object Computing  3
   IST 412  The Engineering of Complex Software Systems  3
   IST 413  Usability Engineering
Supporting Courses and Related Areas
Select 9 credits from College-approved list (at least 3 credits must be
at the 400-level)  9

1 Students in the Information Systems: Design and Development
   Option are expected to take IST 242 prior to taking the prescribed and
   additional courses for that option.

Information Technology: Integration & Application Option (24 credits)
Available at the following campuses: Abington, Beaver, Berks, Brandywine,
Greater Allegheny, Harrisburg, Hazleton, Lehigh Valley, Mont Alto, New
Kensington, Schuylkill, Scranton, University Park, Wilkes-Barre, World
Campus, York

400-level and no more than 6 credits below the 200-level)  12

Program Learning Objectives
- Understand and apply the interdisciplinary, theoretical knowledge of
  the information sciences or security sciences
  - Define and explain the core concepts, principles, processes, an
    theories within the academic majors of IST and/or SRA
  - Apply the core concepts of the academic majors of IST and/or
    SRA to real-world problems
  - Apply the core concepts of information and security sciences to
    an extended work assignment
- Understand, apply and adopt various problem solving strategies,
  using appropriate technology and methods
  - Identify information problems and/or opportunities in terms of
    the human, informational, and technology dimensions
  - Analyze issues surrounding the problem and/or opportunity in
    terms of the human, informational, and technology dimensions;
and determine the requirements appropriate to understanding the situation

- Design systems, architectures, processes, components, or programs to meet desired needs of the human context at varying levels of analysis
- Deploy up-to-date and appropriate techniques, methodologies, and/or tools necessary for understanding opportunities and constraints and/or the optimal design, implementation and continuance of an information based solution
- Evaluate the success of systems, architecture, processes, components, or programs intended to meet desired needs of the human context at varying levels of analysis
- Communicate and work effectively (both individually and in teams) with a range of perspectives and audiences through a variety of media
  - Participate effectively on teams in order to accomplish a common goal
  - Communicate effectively with a range of audiences, formally or informally, through writing and the spoken word
  - Seek out, analyze, and incorporate diverse ideas and broader perspectives represented in the diversity of people
  - Make respectful and inclusive choices in interacting with customers, peers, supervisors, and/or subordinates with a diversity of identity characteristics
- Understand professional responsibilities in terms of the ethical, legal, security and social aspects of any given problem and its solution
  - Demonstrate an understanding of the cognitive, social, legal, ethical, diversity, and security perspectives surrounding a given problem
  - Assess the impact of information, computing and technology on individuals, groups, organizations, society, and the world for the purpose of making informed decisions from a sociological, governmental, legal, and/or security perspective
- Commit to the continuous acquisition of relevant knowledge for professional development by self-teaching and/or on-going education and learning
  - Employ information-seeking strategies in pursuit of current knowledge
  - Engage in self-directed learning to meet professional goals
  - Enroll in professional development and tutoring opportunities

### Academic Advising

The objectives of the university’s academic advising program are to help advisees identify and achieve their academic goals, to promote their intellectual discovery, and to encourage students to take advantage of both in-and out-of class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the habit of learning, advisers assume a significant educational role. The advisee’s unit of enrollment will provide each advisee with a primary academic adviser, the information needed to plan the chosen program of study, and referrals to other specialized resources.

### Suggested Academic Plan

The suggested academic plan(s) listed on this page are the plan(s) that are in effect during the 2021-22 academic year. To access previous years’ suggested academic plans, please visit the [archive](https://bulletins.psu.edu/undergraduate/archive/) to view the appropriate Undergraduate Bulletin edition (Note: the archive only contain suggested academic plans beginning with the 2018-19 edition of the Undergraduate Bulletin).

### Information Context: People, Organizations & Society Option: Information Sciences and Technology, B.S. at Berks Campus

The course series listed below provides only one of the many possible ways to move through this curriculum. The University may make changes in policies, procedures, educational offerings, and requirements at any time. This plan should be used in conjunction with your degree audit (accessible in LionPATH as either an Academic Requirements or What If report). Please consult with a Penn State academic adviser on a regular basis to develop and refine an academic plan that is appropriate for you.

Total Credits 125

* Course requires a grade of C or better for the major
† Course requires a grade of C or better for General Education
# Course is an Entrance to Major requirement
‡ Course satisfies General Education and degree requirement

**University Requirements and General Education Notes:**

US and IL are abbreviations used to designate courses that satisfy University Requirements (United States and International Cultures).

W, M, X, and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.

GWS, GQ, GHW, GN, GA, GH, and GS are abbreviations used to identify General Education program courses. General Education includes Foundations (GWS and GQ) and Knowledge Domains (GHW, GN, GA, GH, GS, and Integrative Studies). Foundations courses (GWS and GQ) require a grade of 'C' or better.

Integrative Studies courses are required for the General Education program. N is the suffix at the end of a course number used to designate an Inter-Domain course and Z is the suffix at the end of a course number used to designate a Linked course.

1 The following courses are offered Fall Semester only: IST 240, 301, 302, 331, 431, 432.
2 The following courses are offered Spring Semester only: IST 242, 413.
3 For 400 Level IST Selection, choose one (1) from the following: IST 402, 451, 452, or 454.
4 For Support of Option Requirement, consult adviser for list.
5 For Foreign Culture Requirement, choose from the General Education - International Cultures (IL) list. Three (3) credits of Foreign Culture may double-count for three (3) credits of General Education - International Cultures (IL). Consult adviser for details.
Information Systems: Design & Development Option: Information Sciences and Technology, B.S. at Berks Campus

* Course requires a grade of C or better for the major
‡ Course requires a grade of C or better for General Education
# Course is an Entrance to Major requirement
† Course satisfies General Education and degree requirement

University Requirements and General Education Notes:

US and IL are abbreviations used to designate courses that satisfy University Requirements (United States and International Cultures).
W, M, X, and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.

GWS, GQ, GHW, GN, GA, GH, and GS are abbreviations used to identify General Education program courses. General Education includes Foundations (GWS and GQ) and Knowledge Domains (GHW, GN, GA, GH, GS, and Integrative Studies). Foundations courses (GWS and GQ) require a grade of 'C' or better.

Integrative Studies courses are required for the General Education program. N is the suffix at the end of a course number used to designate an Inter-Domain course and Z is the suffix at the end of a course number used to designate a Linked course.

1 The following courses are offered Fall Semester only: IST 301, 311, 331.
2 The following courses are offered Spring Semester only: IST 242, 261, 411, 412, 413.
3 For 400 Level IST Selection, choose one (1) from the following: IST 402, 451, 452, or 454.
4 For Support of Option Requirement, consult adviser for list.
5 For Foreign Culture Requirement, choose from the General Education - International Cultures (IL) list. Three (3) credits of Foreign Culture may double-count for three (3) credits of General Education - International Cultures (IL). Consult adviser for details.
**Information Technology: Integration & Application**

**Option: Information Sciences and Technology, B.S. at Berks Campus**

The course series listed below provides only one of the many possible ways to move through this curriculum. The University may make changes in policies, procedures, educational offerings, and requirements at any time. This plan should be used in conjunction with your degree audit (accessible in LionPATH as either an Academic Requirements or What If report). Please consult with a Penn State academic adviser on a regular basis to develop and refine an academic plan that is appropriate for you.

**University Requirements and General Education Notes:**

US and IL are abbreviations used to designate courses that satisfy University Requirements (United States and International Cultures).

W, M, X, and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.

GWS, GQ, GHW, GN, GA, GH, and GS are abbreviations used to identify General Education program courses. General Education includes Foundations (GWS and GQ) and Knowledge Domains (GHW, GN, GA, GH, GS, and Integrative Studies). Foundations courses (GWS and GQ) require a grade of ‘C’ or better.

Integrative Studies courses are required for the General Education program. N is the suffix at the end of a course number used to designate an Inter-Domain course and Z is the suffix at the end of a course number used to designate a Linked course.

1 The following courses are offered Fall Semester only: IST 240, 301, 302, 331, 420.
2 The following courses are offered Spring Semester only: IST 242, 421.
3 For 400 Level IST Selection, choose one (1) from the following: IST 402, 451, 452, or 454.
4 For Support of Option Requirement, consult adviser for list.
5 For Foreign Culture Requirement, choose from the General Education - International Cultures (IL) list. Three (3) credits of Foreign Culture may double-count for three (3) credits of General Education - International Cultures (IL). Consult adviser for details.

**Career Paths**

IST allows you to explore some of the biggest challenges facing society and work to solve them by leveraging information and using technology. It blends skills from a number of fields – computer science, business, psychology, math, sociology, political science – so you can help people and organizations thrive. IST's Office of Career Solutions helps students navigate their internship and career development in the field through coaching, workshops, interview preparation, resume reviews, career fairs, job postings, and networking opportunities.

**Careers**

Because our courses blend technical knowledge with skills in communication and business, an IST degree allows for careers in nearly every industry including consulting, business, government, defense, entertainment, and medicine.
