

# SCIENCE, B.S. (BERKS)

**Begin Campus:** Any Penn State Campus

**End Campus:** Berks

## Program Description

*Not all options are available at every campus. Contact the campus you are interested in attending to determine which options are offered.*

The Science major is an interdisciplinary degree that aims to provide a broad, general education in science. The bachelor of science (B.S.) curriculum is designed specifically for students who have education goals relating to scientific theory and practice and who require a high degree of flexibility to obtain their educational objectives. After completing foundation courses in calculus, chemistry, physics, and the life sciences, students will select additional science courses from designated areas. A large number of supporting credits permit students to readily include significant breadth or specialization into their undergraduate curriculum. Some examples include minors in business, computer and information science, education, kinesiology, or other fields. The degree allows students throughout the Commonwealth to become familiar with both the theory and the practice of science. It can help prepare students for various careers in pharmaceutical, biotechnical, chemical, medical, and agricultural industries. The degree can also be tailored to meet the specific requirements of professional programs such as medical, dental, or pharmacy schools.

The Science major is an interdisciplinary degree that aims to provide a broad, general education in science. The bachelor of science (B.S.) curriculum is designed specifically for students who have education goals relating to scientific theory and practice and who require a high degree of flexibility to obtain their educational objectives. After completing foundation courses in calculus, chemistry, physics, and the life sciences, students will select additional science courses from designated areas. A large number of supporting credits permit students to readily include significant breadth or specialization into their undergraduate curriculum. Some examples include minors in business, computer and information science, education, kinesiology, or other fields. The degree allows students throughout the Commonwealth to become familiar with both the theory and the practice of science. It can help prepare students for various careers in pharmaceutical, biotechnical, chemical, medical, and agricultural industries. The degree can also be tailored to meet the specific requirements of professional programs such as medical, dental, or pharmacy schools.

## General Science Option

**Available at the following campuses:** Abington, Altoona, Berks, Harrisburg, Scranton, University Park, York

The General Science option of the B.S. Science degree allows for the most flexibility.

Achievement in a more specialized set of goals can be met by selecting one of the other B.S. options offered:

## Biological Sciences and Health Professions Option

**Available at the following campuses:** University Park

## Legal Studies, Government Service, Public Policy Option

**Available at the following campuses:** University Park

## Life Sciences Option

**Available at the following campuses:** Abington, Altoona, Berks, Harrisburg, Scranton, University Park, York

## Mathematical Sciences Option

**Available at the following campuses:** Abington, Altoona

## Physical Sciences Option

**Available at the following campuses:** Altoona

Not all of these options are available at all locations, and there are minor distinctions of the core curriculum at some locations, so see the Science program director at your College for further details.

## Two-Year Preprofessional Preparation

The first two years of the Science major (62 credits) can meet the pre professional needs of those interested in admission to some schools of pharmacy, physical therapy, optometry, nursing, and physician assistant training. Successful students can then transfer after two years of undergraduate study to the professional school to which they are admitted. Note, however, that no Penn State degree can be awarded after only two years (62 credits) of study in the Science major. Also, note that the abbreviated two-year curriculum alone does not prepare students for admission to professional schools of general medicine, veterinary medicine, or dental medicine. Consult with your college's health sciences professional adviser for additional information.

## What is Science?

The Science major provides a broad and interdisciplinary foundation in the natural sciences. The Science BS program uses the principles of chemistry, physics, and life sciences to understand how these integrate over general areas including biological sciences and health professions, public policy, and science research and development.

## You Might Like This Program If...

- You like learning by doing hands-on experiments.
- You are curious about the natural world and how science disciplines come together to explore and understand it.
- You are intrigued by science and desire a career in current and emerging interdisciplinary science disciplines, health professions, or melding science with law, policy or business.

## Entrance to Major

In order to be eligible for entrance to the Science major, a student at any location must have:

1. attained at least a 2.00 cumulative grade-point average;
2. completed MATH 140 with a grade of C or better;
3. completed at least two of the following courses, BIOL 110; CHEM 110; PHYS 211 or PHYS 250, with a grade of C or better.

## Degree Requirements

**For the Bachelor of Science degree in Science, a minimum of 124 credits is required, with at least 15 credits at the 400 level:**

Requirement	Credits
General Education	45
Requirements for the Major	94

**15 of the 45 credits for General Education are included in the Requirements for the Major. This includes: 9 credits of GN courses; 6 credits of GQ courses.**

## General Education

Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (<http://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/>) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

### Foundations (grade of C or better is required.)

- **Quantification (GQ):** 6 credits
- **Writing and Speaking (GWS):** 9 credits

### Knowledge Domains

- **Arts (GA):** 6 credits
- **Health and Wellness (GHW):** 3 credits
- **Humanities (GH):** 6 credits
- **Social and Behavioral Sciences (GS):** 6 credits
- **Natural Sciences (GN):** 9 credits

### Integrative Studies (may also complete a Knowledge Domain requirement)

- **Inter-Domain or Approved Linked Courses:** 6 credits

## University Degree Requirements

### First Year Engagement

All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

### Cultures Requirement

6 credits are required and may satisfy other requirements

- United States Cultures: 3 credits
- International Cultures: 3 credits

### Writing Across the Curriculum

3 credits required from the college of graduation and likely prescribed as part of major requirements.

### Total Minimum Credits

A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits.

Students should consult with their college or department adviser for information on specific credit requirements.

### Quality of Work

Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

### Limitations on Source and Time for Credit Acquisition

The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (<http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80>)). For more information, check the Suggested Academic Plan for your intended program.

## Requirements for the Major

To graduate, a student enrolled in the major must earn a grade of C or better in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (<http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#82-44>).

### Common Requirements for the Major (All Options)

Code	Title	Credits
<b>Prescribed Courses</b>		
CHEM 111	Experimental Chemistry I	1
CHEM 112	Chemical Principles II	3
CHEM 113	Experimental Chemistry II	1
MATH 141	Calculus with Analytic Geometry II	4
<i>Prescribed Courses: Require a grade of C or better</i>		
BIOL 110	Biology: Basic Concepts and Biodiversity	4
CHEM 110	Chemical Principles I	3
MATH 140	Calculus With Analytic Geometry I	4
<b>Requirements for the Option</b>		
Select an option		74

### Requirements for the Option

#### General Science Option (74 credits)

**Available at the following campuses: Abington, Altoona, Berks, Harrisburg, Scranton, University Park, York**

Code	Title	Credits
<b>Additional Courses</b>		
Select 4 credits of the following:		4
BIOL 129	Mammalian Anatomy	
BIOL 141	Introduction to Human Physiology & BIOL 142	
BIOL 142	and Physiology Laboratory	
BIOL 220W	Biology: Populations and Communities	
BIOL 230W	Biology: Molecules and Cells	
BIOL 240W	Biology: Function and Development of Organisms	
Select 3-4 credits of the following:		3-4
STAT 200	Elementary Statistics	
STAT 250	Introduction to Biostatistics	
STAT 301	Statistical Analysis I	
STAT 401	Experimental Methods	

Select 8-12 credits of the following: 8-12

PHYS 211 & PHYS 212 & PHYS 213 & PHYS 214	General Physics: Mechanics and General Physics: Electricity and Magnetism and General Physics: Fluids and Thermal Physics and General Physics: Wave Motion and Quantum Physics <sup>1</sup>	
PHYS 250 & PHYS 251	Introductory Physics I and Introductory Physics II <sup>1</sup>	

**Supporting Courses and Related Areas**

A maximum of 12 credits of Independent Study (296, 496) may be applied toward credits for graduation.

Select 21-26 credits from program list (Students may apply 6 credits of ROTC)

Select 3 credits from earth and mineral sciences	3
Select 3 credits in Global, Social, and Personal Awareness from department approved course list in consultation with adviser	3
Select 3 credits in Teamwork and Interpersonal Communication from department approved course list in consultation with adviser	3
Select 6 credits of 400-level courses	6

*Supporting and Related Courses: Require a grade of C or better*

Select 18 credits in life, mathematical, or physical sciences, with at least 9 credits at the 400 level <sup>2,3</sup>

<sup>1</sup> PHYS 211 and PHYS 250 require a grade of C or better.  
<sup>2</sup> Only the 9 credits at the 400 level require a grade of C or better.  
<sup>3</sup> Physical sciences include ASTRO, CHEM, PHYS; mathematical sciences include CMPSC, MATH, STAT; life sciences include BIOL, BIOTC, BMB, MICRB.

**Biological Sciences and Health Professions Option (74 credits)**

*Available at the following campuses: University Park*

Code	Title	Credits
<b>Prescribed Courses</b>		
HPA 101	Introduction to Health Services Organization	3
<b>Additional Courses</b>		
Select 4 credits of the following:		4
BIOL 129	Mammalian Anatomy	
BIOL 220W	Biology: Populations and Communities	
BIOL 230W	Biology: Molecules and Cells	
BIOL 240W	Biology: Function and Development of Organisms	
BIOL 141 & BIOL 142	Introduction to Human Physiology and Physiology Laboratory	
Select 3-4 credits of the following:		3-4
STAT 200	Elementary Statistics	
STAT 250	Introduction to Biostatistics	
STAT 301	Statistical Analysis I	
STAT 401	Experimental Methods	
Select 6-8 credits of the following:		6-8
CHEM 202 & CHEM 203	Fundamentals of Organic Chemistry I and Fundamentals of Organic Chemistry II	
CHEM 210 & CHEM 212 & CHEM 213	Organic Chemistry I and Organic Chemistry II and Laboratory in Organic Chemistry	
Select 3 credits of the following:		3
BIOL 222	Genetics	

BIOL 322	Genetic Analysis
BMB 211	Elementary Biochemistry
BMB 251	Molecular and Cell Biology I
MICRB 201	Introductory Microbiology

Select 8-12 credits of the following: 8-12

PHYS 211 & PHYS 212 & PHYS 213 & PHYS 214	General Physics: Mechanics and General Physics: Electricity and Magnetism and General Physics: Fluids and Thermal Physics and General Physics: Wave Motion and Quantum Physics <sup>2</sup>
PHYS 250 & PHYS 251	Introductory Physics I and Introductory Physics II <sup>2</sup>

**Supporting Courses and Related Areas**

A maximum of 12 credits of Independent Study (296, 496) may be applied toward credits for graduation.

Select 15 credits from program list for Healthcare/ Medicine/Ethical Competencies <sup>1</sup>

Select 10-17 credits from program list (Students may apply 6 credits of ROTC)

Select 3 credits in Global, Social, and Personal Awareness from department approved course list in consultation with adviser	3
Select 3 credits in Teamwork and Interpersonal Communication from department approved course list in consultation with adviser	3
<i>Supporting Courses and Related Areas: Require a grade of C or better</i>	
Select 9 credits of 400-level BMB, BIOL, BIOTC, or MICRB courses	9

<sup>1</sup> Six credits must be at the 400-level. Select from department approved course list in consultation with adviser.

<sup>2</sup> PHYS 211 and PHYS 250 require a grade of C or better.

**Legal Studies, Government Service, Public Policy Option (74 credits)**

*Available at the following campuses: University Park*

Code	Title	Credits
<b>Additional Courses</b>		
Select 4 credits of the following:		4
BIOL 129	Mammalian Anatomy	
BIOL 141 & BIOL 142	Introduction to Human Physiology and Physiology Laboratory	
BIOL 220W	Biology: Populations and Communities	
BIOL 230W	Biology: Molecules and Cells	
BIOL 240W	Biology: Function and Development of Organisms	
Select 3-4 credits of the following:		3-4
STAT 200	Elementary Statistics	
STAT 250	Introduction to Biostatistics	
STAT 301	Statistical Analysis I	
STAT 401	Experimental Methods	
Select 8-12 credits of the following:		8-12
PHYS 211 & PHYS 212 & PHYS 213 & PHYS 214	General Physics: Mechanics and General Physics: Electricity and Magnetism and General Physics: Fluids and Thermal Physics and General Physics: Wave Motion and Quantum Physics <sup>1</sup>	
PHYS 250 & PHYS 251	Introductory Physics I and Introductory Physics II <sup>1</sup>	
<b>Supporting Courses and Related Areas</b>		

Select 12-17 credits from program list (Students may apply 6 credits of ROTC)

Select 18 credits from program list for Legal Studies, Government Service, Public Policy<sup>2</sup> 18

Select 3 credits in Global, Social, and Personal Awareness from department approved course list in consultation with adviser 3

Select 3 credits in Teamwork and Interpersonal Communication from department approved course list in consultation with adviser 3

*Supporting Courses and Related Areas: Require a grade of C or better*

Select 18 credits in life, mathematical, or physical sciences, with at least 9 credits at the 400 level<sup>3,4</sup> 18

<sup>1</sup> PHYS 211 and PHYS 250 require a grade of C or better.

<sup>2</sup> Six credits must be at the 400-level. Select from department approved course list in consultation with adviser.

<sup>3</sup> Only the 9 credits at the 400 level require a grade of C or better.

<sup>4</sup> Physical sciences include ASTRO, CHEM, PHYS; mathematical sciences include CMPSC, MATH, STAT; life sciences include BIOL, BIOTC, BMB, MICRB.

### Life Science Option (74 credits)

*Available at the following campuses: Abington, Altoona, Berks, Harrisburg, Scranton, University Park, York*

Code	Title	Credits
<b>Additional Courses</b>		
Select 4 credits of the following:		4
BIOL 220W	Biology: Populations and Communities	
BIOL 230W	Biology: Molecules and Cells	
BIOL 240W	Biology: Function and Development of Organisms	
Select 3 credits of the following:		3
CMPSC 101	Introduction to Programming	
MATH 250	Ordinary Differential Equations	
STAT 250	Introduction to Biostatistics	
Select 3 credits of the following:		3
BMB 211	Elementary Biochemistry	
BMB 251	Molecular and Cell Biology I	
MICRB 201	Introductory Microbiology	
Select 6-8 credits of the following:		6-8
CHEM 202 & CHEM 203	Fundamentals of Organic Chemistry I and Fundamentals of Organic Chemistry II	
CHEM 210 & CHEM 212 & CHEM 213	Organic Chemistry I and Organic Chemistry II and Laboratory in Organic Chemistry	
Select 8-12 credits of the following:		8-12
PHYS 211 & PHYS 212 & PHYS 213 & PHYS 214	General Physics: Mechanics and General Physics: Electricity and Magnetism and General Physics: Fluids and Thermal Physics and General Physics: Wave Motion and Quantum Physics <sup>1</sup>	
PHYS 250 & PHYS 251	Introductory Physics I and Introductory Physics II <sup>1</sup>	

### Supporting Courses and Related Areas

A maximum of 12 credits of Independent Study 296, 496 may be applied toward credits for graduation.

Select 23-29 credits from program list (Students may apply 6 credits of ROTC)

Select 3 credits in Global, Social, and Personal Awareness 3

Select 3 credits in Teamwork and Interpersonal Communication 3

Select 6 credits of 400-level courses 6

*Supporting Courses and Related Areas: Require a grade of C or better*

Select 9 credits of 400-level BMB, BIOL, BIOTC, or MICRB courses 9

<sup>1</sup> PHYS 211 and PHYS 250 require a grade of C or better.

### Mathematical Science Option (74 credits)

*Available at the following campuses: Abington, Altoona*

Code	Title	Credits
<b>Prescribed Courses</b>		
CMPSC 122	Intermediate Programming	3
MATH 220	Matrices	2-3
<b>Additional Courses</b>		
CMPSC 360	Discrete Mathematics for Computer Science or MATH 311W Concepts of Discrete Mathematics	3-4
MATH 230 or MATH 251	Calculus and Vector Analysis Ordinary and Partial Differential Equations	4
STAT 301 or STAT 318	Statistical Analysis I Elementary Probability	3
Select 3 credits of the following:		3
BMB 211	Elementary Biochemistry	
BMB 251	Molecular and Cell Biology I	
MICRB 201	Introductory Microbiology	
Select 3 credits of the following:		3
CMPSC 121	Introduction to Programming Techniques	
CMPSC 201	Programming for Engineers with C++	
CMPSC 202		
Select 8-12 credits of the following:		8-12
PHYS 211 & PHYS 212 & PHYS 213 & PHYS 214	General Physics: Mechanics and General Physics: Electricity and Magnetism and General Physics: Fluids and Thermal Physics and General Physics: Wave Motion and Quantum Physics <sup>1</sup>	
PHYS 250 & PHYS 251	Introductory Physics I and Introductory Physics II <sup>1</sup>	

### Supporting Courses and Related Areas

A maximum of 12 credits of Independent Study (296, 496) may be applied toward credits for graduation.

Select 18-24 credits from program list (Students may apply 6 credits of ROTC)

Select 6 credits of 400-level courses 6

Select 3 credits in Global, Social, and Personal Awareness 3

Select 3 credits in Teamwork and Interpersonal Communication 3

*Supporting Courses and Related Areas: Require a grade of C or better*

Select 9 credits of 400-level CMPSC, CSE, MATH, or STAT courses 9

<sup>1</sup> PHYS 211 and PHYS 250 require a grade of C or better.

### Physical Science Option (74 credits)

*Available at the following campuses: Altoona*

Code	Title	Credits
<b>Prescribed Courses</b>		
ASTRO 291	Astronomical Methods and the Solar System	3
PHYS 212	General Physics: Electricity and Magnetism	4
PHYS 213	General Physics: Fluids and Thermal Physics	2
PHYS 214	General Physics: Wave Motion and Quantum Physics	2
<i>Prescribed Courses: Require a grade of C or better</i>		
PHYS 211	General Physics: Mechanics	4
<b>Additional Courses</b>		
Select 3 credits of the following:		3
BMB 211	Elementary Biochemistry	
BMB 251	Molecular and Cell Biology I	
MICRB 201	Introductory Microbiology	
Select 6-8 credits of the following:		6-8
CHEM 202 & CHEM 203	Fundamentals of Organic Chemistry I and Fundamentals of Organic Chemistry II	
CHEM 210 & CHEM 212 & CHEM 213	Organic Chemistry I and Organic Chemistry II and Laboratory in Organic Chemistry	
MATH 230 or MATH 251	Calculus and Vector Analysis Ordinary and Partial Differential Equations	4
Select 3 credits of the following:		3
ASTRO 292	Astronomy of the Distant Universe	
EMCH 211	Statics	
ME 300	Engineering Thermodynamics I	
PHYS 237	Introduction to Modern Physics	
<b>Supporting Courses and Related Areas</b>		
A maximum of 12 credits of Independent Study (296, 496) may be applied toward credits for graduation.		
Select 20-22 credits from program list (Students may apply 6 credits of ROTC)		
Select 6 credits of 400-level courses		6
Select 3 credits in Global, Social, and Personal Awareness		3
Select 3 credits in Teamwork and Interpersonal Communication		3
<i>Supporting Courses and Related Areas: Require a grade of C or better</i>		
Select 9 credits of 400-level ASTRO, CHEM, or PHYS courses		9

## Program Learning Objectives

1. Students will demonstrate specific understanding of fundamental scientific concepts including, but not limited to, experimental results, theory development, chemical reactions, physical processes, and cellular function.
2. Students will demonstrate a thorough understanding of general and organic chemistry.
3. Students will demonstrate a thorough understanding of biological concepts including cellular organization, genetics, ecology, and physiology.
4. Students will demonstrate ability to retrieve and analyze scientific data.
5. Students will be able to comprehend and critically interpret primary scientific literature.
6. Students will disseminate scientific findings via oral and written communication.

7. Students will apply ethical principles to specific areas of scientific research and scientifically important applications with sociological consequences such as clinical trials, animal testing, and environmental concerns.
8. Students will demonstrate appropriate laboratory skills including scientific technique, maintenance of a laboratory notebook, writing laboratory reports, and adhering to all safety procedures.

## Academic Advising

The objectives of the university's academic advising program are to help advisees identify and achieve their academic goals, to promote their intellectual discovery, and to encourage students to take advantage of both in-and out-of class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the habit of learning, advisers assume a significant educational role. The advisee's unit of enrollment will provide each advisee with a primary academic adviser, the information needed to plan the chosen program of study, and referrals to other specialized resources.

READ SENATE POLICY 32-00: ADVISING POLICY (<https://senate.psu.edu/policies-and-rules-for-undergraduate-students/32-00-advising-policy/>)

## Berks

### Ike Shibley

Program Coordinator, Associate Professor  
L101G  
Reading, PA 19610  
610-396-6185  
ias1@psu.edu

## Abington

### Eric Ingersoll

Program Chair  
1600 Woodland Road  
Abington, PA 19001  
215-881-7492  
epi1@psu.edu

## Altoona

### Richard Bell

Associate Professor of Chemistry  
104 Science Building  
3000 Ivyside Park  
Altoona, PA 16601  
814-949-5712  
rcb155@psu.edu

## Harrisburg

### Sairam V. Rudrabhatla, Ph.D.

Program Chair  
Science and Technology Building, TL 174  
Middletown, PA 17057  
717-948-6560  
svr11@psu.edu

## Scranton

### Agnes Kim

Associate Professor  
120 Ridge View Drive  
Dunmore, PA 18512  
570-963-2549  
axk55@psu.edu

## University Park Science, B.S. Program

**Ronald Markle**  
Professor and Director, Premedicine & Science Majors  
225B Ritenour Building  
University Park, PA 16802  
814-865-7620  
ram29@psu.edu

## University Park Accelerated Science B.S./M.B.A. Program

**John Moses**  
Academic Adviser  
234 Ritenour Building  
University Park, PA 16802  
814-863-5780  
jrm68@psu.edu

## York

**Anne Vardo-Zalik**  
Associate Professor of Biology  
1 Elias Science Building  
York, PA 17403  
717-718-6705  
amv12@psu.edu

## Suggested Academic Plan

The suggested academic plan(s) listed on this page are the plan(s) that are in effect during the 2021-22 academic year. To access previous years' suggested academic plans, please visit the archive (<https://bulletins.psu.edu/undergraduate/archive/>) to view the appropriate Undergraduate Bulletin edition (*Note: the archive only contain suggested academic plans beginning with the 2018-19 edition of the Undergraduate Bulletin*).

### General Science Option: Science, B.S. at Berks Campus

The course series listed below provides **only one** of the many possible ways to move through this curriculum. The University may make changes in policies, procedures, educational offerings, and requirements at any time. This plan should be used in conjunction with your degree audit (accessible in LionPATH as either an **Academic Requirements** or **What If** report). Please consult with a Penn State academic adviser on a regular basis to develop and refine an academic plan that is appropriate for you.

#### First Year

Fall	Credits	Spring	Credits
ENGL 15 or 30H (GWS) <sup>‡</sup>	3	CAS 100A or 100B (GWS) <sup>‡</sup>	3
MATH 140 (GQ) <sup>*‡#</sup>	4	MATH 141 (GQ) <sup>‡</sup>	4

		<b>13.5</b>	<b>15</b>

#### Total Credits 124-125

- \* Course requires a grade of C or better for the major
- ‡ Course requires a grade of C or better for General Education
- # Course is an Entrance to Major requirement
- † Course satisfies General Education and degree requirement

#### University Requirements and General Education Notes:

US and IL are abbreviations used to designate courses that satisfy University Requirements (United States and International Cultures).

W, M, X, and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.

GWS, GQ, GHW, GN, GA, GH, and GS are abbreviations used to identify General Education program courses. General Education includes Foundations (GWS and GQ) and Knowledge Domains (GHW, GN, GA, GH, GS, and Integrative Studies). Foundations courses (GWS and GQ) require a grade of 'C' or better.

Integrative Studies courses are required for the General Education program. N is the suffix at the end of a course number used to designate an Inter-Domain course and Z is the suffix at the end of a course number used to designate a Linked course.

- <sup>1</sup> For the Writing Across The Curriculum Requirement, students must complete this through one of the requirements listed above. Consult adviser for details.
- <sup>2</sup> For Entrance-to-Major requirements, students must complete two (2) courses from the following: BIOL 110, CHEM 110, and PHYS 211.
- <sup>3</sup> The following courses are offered Spring Semester only: ENGL 202B, PHYS 213, 214.
- <sup>4</sup> For PHYS 211, 212, 213, and 214, PHYS 250 and 251 may be substituted. PHYS 250 is offered Fall Semester only. PHYS 251 is offered Spring Semester only.
- <sup>5</sup> For Earth & Mineral Sciences Selection, consult adviser for list.
- <sup>6</sup> For Life or Math or Physical Science Selection, consult adviser for list.
- <sup>7</sup> For Program List Selection, consult adviser for list.
- <sup>8</sup> For 400 Level General Selection, consult adviser for list.
- <sup>9</sup> For 400 Level Life or Math or Physical Science Selection, consult adviser for list.
- <sup>10</sup> For Global, Social & Personal Awareness Selection, consult adviser for list.
- <sup>11</sup> For Teamwork & Interpersonal Communication Selection, consult adviser for list.

## Life Science Option: Science, B.S. at Berks Campus

### First Year

Fall	Credits Spring	Credits
ENGL 15 or 30H (GWS) <sup>‡</sup>	3 CAS 100A or 100B (GWS) <sup>‡</sup>	3
MATH 140 (GQ) <sup>*‡#</sup>	4 MATH 141 (GQ) <sup>‡</sup>	4
CHEM 110 (GN) <sup>*‡#</sup>	3 CHEM 112 (GN) <sup>†</sup>	3
CHEM 111 (GN) <sup>†</sup>	1 CHEM 113 (GN) <sup>†</sup>	1
BIOL 110 (GN) <sup>*‡#</sup>	4 BIOL 220W, 230W, or 240W	4
First-Year Seminar	1 General Education Course (GHW)	1.5
	<b>16</b>	<b>16.5</b>

### Second Year

Fall	Credits Spring	Credits
CMPSC 101, MATH 250, or STAT 250	3 ENGL 202A, 202B, 202C, or 202D (GWS) <sup>‡</sup>	3
CHEM 210	3 CHEM 212	3
PHYS 250 <sup>*#</sup>	4 CHEM 213	2
MICRB 201	3 PHYS 251	4
General Education Course (GA or GH or GS)	3 General Education Course (GA or GH or GS)	3
	General Education Course (GA or GH or GS)	3
	<b>16</b>	<b>18</b>

### Third Year

Fall	Credits Spring	Credits
Global, Social & Personal Awareness Selection	3 Teamwork & Interpersonal Communication Selection	3
400 Level Life Science Selection <sup>*</sup>	3 400 Level Life Science Selection <sup>*</sup>	3
Program List Selection	3 Program List Selection	3
Program List Selection	3 Program List Selection	3
General Education Course (GA or GH or GS)	3 General Education Course (GA or GH or GS)	3
	<b>15</b>	<b>15</b>

### Fourth Year

Fall	Credits Spring	Credits
400 Level General Selection	3 400 Level General Selection	3
400 Level Life Science Selection <sup>*</sup>	3 Program List Selection	3
Program List Selection	3 Program List Selection	3
Program List Selection	3 Program List Selection	3
General Education Course (GA or GH or GS)	3 General Education Course (GHW)	1.5
	<b>15</b>	<b>13.5</b>

### Total Credits 125

- \* Course requires a grade of C or better for the major
- ‡ Course requires a grade of C or better for General Education
- # Course is an Entrance to Major requirement
- † Course satisfies General Education and degree requirement

### University Requirements and General Education Notes:

US and IL are abbreviations used to designate courses that satisfy University Requirements (United States and International Cultures).

W, M, X, and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.

GWS, GQ, GHW, GN, GA, GH, and GS are abbreviations used to identify General Education program courses. General Education includes Foundations (GWS and GQ) and Knowledge Domains (GHW, GN, GA, GH, GS, and Integrative Studies). Foundations courses (GWS and GQ) require a grade of 'C' or better.

Integrative Studies courses are required for the General Education program. N is the suffix at the end of a course number used to designate an Inter-Domain course and Z is the suffix at the end of a course number used to designate a Linked course.

- <sup>1</sup> For the Writing Across The Curriculum Requirement, students must complete this through one of the requirements listed above. Consult adviser for details.
- <sup>2</sup> For Entrance-to-Major requirements, students must complete two (2) courses from the following: BIOL 110, CHEM 110, and PHYS 250.
- <sup>3</sup> The following courses are offered Fall Semester only: BIOL 220W, 230W, CHEN 202, PHYS 250.
- <sup>4</sup> The following courses are offered Spring Semester only: BIOL 240W, CHEM 203, ENGL 202B, PHYS 251.
- <sup>5</sup> For PHYS 250 and 251, PHYS 211, 212, 213, and 214 may be substituted. PHYS 213 and 214 are offered Spring Semester only.
- <sup>6</sup> For 400 Level Life Science Selection, consult adviser for list.
- <sup>7</sup> For Program List Selection, consult adviser for list.
- <sup>8</sup> For 400 Level General Selection, consult adviser for list.
- <sup>9</sup> For CHEM 210, 212, and 213, CHEM 202 and 203 may be substituted.
- <sup>10</sup> For Global, Social & Personal Awareness Selection, consult adviser for list.
- <sup>11</sup> For Teamwork & Interpersonal Communication Selection, consult adviser for list.

## Career Paths

Penn State students with a BS in Science are prepared for a broad range of careers and graduate programs. The solid foundation of science and math prepares students to think critically and scientifically in a range of industries and professions.

### Careers

This program often leads to careers in all healthcare professions, including physicians and physician assistants, dentists, optometrists, and podiatrists; laboratory research associates; scientific product representatives and science-based consulting.

### Opportunities for Graduate Studies

Many graduates of the Science B.S. program choose to pursue graduate studies (MS and PhD) in the natural sciences. Most often, students gravitate to medically-related fields and life science sub-disciplines for focused graduate training. Students in the legal studies and public policy options may choose law school or master's in public policy programs.
