GEOSCIENCES, B.S.

Begin Campus: Any Penn State Campus

End Campus: University Park

Degree Requirements
For the Bachelor of Science degree in Geosciences, a minimum of 121 credits is required:

<table>

</tr>
</thead>
<tbody>
<tr>
<td>General Education</td>
<td>45</td>
</tr>
<tr>
<td>Requirements for the Major</td>
<td>97</td>
</tr>
</tbody>
</table>

21 of the 45 credits for General Education are included in the Requirements for the Major. This includes: 9 credits of GN courses, 6 credits of GQ courses, 6 credits of GWS courses.

Requirements for the Major
To graduate, a student enrolled in the major must earn a grade of C or better in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#82-44).

Prescribed Courses: Require a grade of C or better

Select 14 credits of the following 300- and 400-level GEOSC courses: 14

GEOSC 303 Introduction to Environmental Geology
GEOSC 340 Geomorphology
GEOSC 402Y Natural Disasters
GEOSC 416 Stable and Radioactive Isotopes in Geosciences: Introduction
GEOSC 422 Vertebrate Paleontology
GEOSC 424 Paleontology and Fossils
GEOSC 434 Volcanology
GEOSC 439 Principles of Stratigraphy
GEOSC 440 Marine Geology
GEOSC 451 Natural Resources: Origins, Economics and Environmental Impact
GEOSC 452 Hydrogeology
GEOSC 454 Geology of Oil and Gas
GEOSC 470W Introduction to Field Geology
GEOSC 489 Dynamics of the Earth

Supporting Courses and Related Areas
Select at least 2 credits in physics from approved departmental list 2
Select 3 credits of computer science, mathematics¹, or statistics 3
Select 9 credits, in consultation with adviser, supportive of the student’s interest (students may apply 6 credits of ROTC) 9

¹ Above the level of MATH 141

Hydrogeology Option (28 credits)

<table>

<tbody>
<tr>
<td>GEOSC 452</td>
<td>Hydrogeology</td>
<td>3</td>
</tr>
</tbody>
</table>

Additional Courses
Select one of the following: 3

CMPSC 201 Programming for Engineers with C++
CMPSC 202
CMPSC 203 Introduction to Spreadsheets and Databases
STAT 250 Introduction to Biostatistics

Select one of the following: 3

ASM 327 Soil and Water Resource Management
ERM 450 Wetland Conservation
SOILS 101 Introductory Soil Science

Select 9 credits from options A and B, with at least 3 credits from A and 3 credits from B:

Option A
CHEM 202 Fundamentals of Organic Chemistry I

CHEM 450 Physical Chemistry - Thermodynamics

¹ The following substitutions are allowed for students attending campuses where the indicated course is not offered: CAS 100 or ENGL 202C can be substituted for EMSC 100S.
² If GEOSC 1 is not available, GEOSC 20 may be substituted.
ERM 433 Transformation of Pollutants in Soils
GEOSC 413W Techniques in Environmental Geochemistry
GEOSC 419 The Organic Geochemistry of Natural Waters and Sediments

Option B
ENVSE 408 Contaminant Hydrology
GEOG 362 Image Analysis
GEOSC 340 Geomorphology
GEOSC 439 Principles of Stratigraphy
GEOSC 454 Geology of Oil and Gas
GEOSC 483 Environmental Geophysics

Supporting Courses and Related Areas
Select at least 2 credits in Physics from approved departmental list
Select 8 credits, in consultation with advisor, supportive of the student's interest (students may apply 6 credits of ROTC)

1 If STAT 250 is not available, STAT 200 may be substituted.

General Education
Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

Foundations (grade of C or better is required.)
- Quantification (GQ): 6 credits
- Writing and Speaking (GWS): 9 credits

Knowledge Domains
- Arts (GA): 6 credits
- Health and Wellness (GHW): 3 credits
- Humanities (GH): 6 credits
- Social and Behavioral Sciences (GS): 6 credits
- Natural Sciences (GN): 9 credits

Integrative Studies (may also complete a Knowledge Domain requirement)
- Inter-Domain or Approved Linked Courses: 6 credits

University Degree Requirements
First Year Engagement
All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

Cultures Requirement
6 credits are required and may satisfy other requirements
- United States Cultures: 3 credits
- International Cultures: 3 credits

Writing Across the Curriculum
3 credits required from the college of graduation and likely prescribed as part of major requirements.

Total Minimum Credits
A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

Quality of Work
Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

Limitations on Source and Time for Credit Acquisition
The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80)). For more information, check the Suggested Academic Plan for your intended program.
