MATERIALS SCIENCE AND ENGINEERING, B.S.

Begin Campus: Any Penn State Campus
End Campus: University Park

Degree Requirements
For the Bachelor of Science degree in Materials Science and Engineering, a minimum of 131 credits is required:

<table>
<thead>
<tr>

<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Education</td>
<td>45</td>
</tr>
<tr>
<td>Requirements for the Major</td>
<td>110</td>
</tr>
</tbody>
</table>

24 of the 45 credits for General Education are included in the Requirements for the Major. This includes: 9 credits of GN courses; 6 credits of GQ courses; 9 credits of GWS courses.

Note: The Accreditation Board for Engineering and Technology (ABET) does not permit the use of skills courses to satisfy the Arts category of General Education.

Requirements for the Major
To graduate, a student enrolled in the major must earn a grade of C or better in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (https://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#82-44).

Prescribed Courses: Require a grade of C or better

MATSE 201 Introduction to Materials Science 3
MATSE 202 Introduction to Polymer Materials 3
MATSE 400 Crystal Chemistry 3
MATSE 401 Thermodynamics of Materials 3
MATSE 402 Materials Process Kinetics 3
MATSE 430 Materials Characterization 3
MATSE 492W Materials Engineering Methodology and Design 3

Additional Courses
ENGL 15 Rhetoric and Composition 3
or ENGL 30H Honors Rhetoric and Composition

Synthesis and Processing
Select 3-6 credits of the following: 3-6
MATSE 411 Processing of Ceramics
MATSE 422 Thermochemical Processing
MATSE 425 Processing of Metals
MATSE 441 Polymeric Materials I
MATSE 448
MATSE 450 Synthesis and Processing of Electronic and Photonic Materials

Structure and Characterization
Select 3-6 credits of the following: 3-6
MATSE 410 Phase Relations in Materials Systems
MATSE 415 Introduction to Glass Science
MATSE 421 Corrosion Engineering
MATSE 444
MATSE 445 Thermodynamics, Microstructure, and Characterization of Polymers
MATSE 455 Properties and Characterization of Electronic and Photonic Materials

Properties
Select 3-6 credits of the following: 3-6
MATSE 412 Thermal Properties of Materials
MATSE 417 Electrical and Magnetic Properties
MATSE 435 Optical Properties of Materials
MATSE 446 Mechanical and Electrical Properties of Polymers and Composites
MATSE 447 Rheology and Processing of Polymers

Processing Laboratory
Select one of the following: 1
MATSE 463 Characterization and Processing of Electronic and Photonic Materials Laboratory
MATSE 468 Ceramics Laboratory III
MATSE 472
MATSE 474

Senior Capstone Experience
MATSE 493W Materials Science and Engineering Multidisciplinary Capstone Design Project 3
or MATSE 494W Research and Design Senior Project

Supporting Courses and Related Areas
Select 12 credits of approved Science or Engineering Elective courses in consultation with adviser 12
The following substitutions are allowed for students attending campuses where the indicated course is not offered: CAS 100 or ENGL 202C can be substituted for EMSC 100S.

**General Education**

Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

**Foundations (grade of C or better is required and Inter-Domain courses do not meet this requirement.)**
- Quantification (GQ): 6 credits
- Writing and Speaking (GWS): 9 credits

**Breadth in the Knowledge Domains (Inter-Domain courses do not meet this requirement.)**
- Arts (GA): 3 credits
- Health and Wellness (GHW): 3 credits
- Humanities (GH): 3 credits
- Social and Behavioral Sciences (GS): 3 credits
- Natural Sciences (GN): 3 credits

**Integrative Studies**
- Inter-Domain Courses (Inter-Domain): 6 credits

**Exploration**
- GN, may be completed with Inter-Domain courses: 3 credits
- GA, GH, GN, GS, Inter-Domain courses. This may include 3 credits of World Language course work beyond the 12th credit level or the requirements for the student’s degree program, whichever is higher: 6 credits

**University Degree Requirements**

**First Year Engagement**

All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

**Cultures Requirement**

6 credits are required and may satisfy other requirements

- United States Cultures: 3 credits
- International Cultures: 3 credits

**Writing Across the Curriculum**
3 credits required from the college of graduation and likely prescribed as part of major requirements.

**Total Minimum Credits**
A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

**Quality of Work**
Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

**Limitations on Source and Time for Credit Acquisition**
The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (https://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80)). For more information, check the Suggested Academic Plan for your intended program.
