Planetary Science and Astronomy, B.S.

Begin Campus: Any Penn State Campus
End Campus: University Park

Degree Requirements
For the Bachelor of Science degree in Planetary Science and Astronomy, a minimum of 122 credits is required:

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Education</td>
<td>45</td>
</tr>
<tr>
<td>Requirements for the Major</td>
<td>95-99</td>
</tr>
</tbody>
</table>

18 of the 45 credits for General Education are included in the Requirements for the Major. This includes: 9 credits of GN courses; 6 credits of GQ courses; 3 credits of GWS courses.

General Education
Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

Foundations (grade of C or better is required.)
- Quantification (GQ): 6 credits
- Writing and Speaking (GWS): 9 credits

Knowledge Domains
- Arts (GA): 6 credits
- Health and Wellness (GHW): 3 credits
- Humanities (GH): 6 credits
- Social and Behavioral Sciences (GS): 6 credits
- Natural Sciences (GN): 9 credits

Integrative Studies (may also complete a Knowledge Domain requirement)
- Inter-Domain or Approved Linked Courses: 6 credits

University Degree Requirements
First Year Engagement
All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

Cultures Requirement
6 credits are required and may satisfy other requirements
- United States Cultures: 3 credits
- International Cultures: 3 credits

Writing Across the Curriculum
3 credits required from the college of graduation and likely prescribed as part of major requirements.

Total Minimum Credits
A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

Quality of Work
Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

Limitations on Source and Time for Credit Acquisition
The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80)). For more information, check the Suggested Academic Plan for your intended program.

Requirements for the Major
To graduate, a student enrolled in the major must earn a grade of C or better in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#82-44).

Select one of the following: 3

- ASTRO 1  Astronomical Universe
- ASTRO 5  The Sky and Planets
- ASTRO 6  Stars, Galaxies, and the Universe
- ASTRO 291 Astronomical Methods and the Solar System

Select one of the following: 3-4

- CMPSC 101  Introduction to Programming
- CMPSC 121  Introduction to Programming Techniques
- CMPSC 201  Programming for Engineers with C++
- CMPSC 202  
- CMPSC 203  Introduction to Spreadsheets and Databases

Select three of the following: 9

- ASTRO 120  The Big Bang Universe
- ASTRO 130  Black Holes in the Universe
- ASTRO 140  Life in the Universe
- ASTRO 292  Astronomy of the Distant Universe

Select one of the following: 3

- EARTH 2  The Earth System and Global Change
- GEOG 1  Physical Geology
- GEOG 20  Planet Earth

Select 12 credits of the following: 12

- EARTH 100  Environment Earth
- EARTH 103N  Earth in the Future: Predicting Climate Change and Its Impacts Over the Next Century
- EARTH 106  The African Continent: Earthquakes, Tectonics and Geology
- EARTH 150  Dinosaur Extinctions and Other Controversies
- EARTH 402  Modeling the Earth System
- GEOG 160  Mapping Our Changing World
- GEOG 201  Earth Materials
- GEOG 202  Chemical Processes in Geology
- GEOG 203  Physical Processes in Geology
- GEOG 204  Geobiology
- METEO 101  Understanding Weather Forecasting
- METEO 201  Introduction to Weather Analysis

**Supporting Courses and Related Areas**

Select 11 credits in consultation with adviser from department list 11

Select 9-12 credits from program list of advanced electives 9-12

---

1 At least 6 credits from the below categories must be at the 400 level.
