PREMEDICINE, B.S.

Begin Campus: Any Penn State Campus
End Campus: University Park

Degree Requirements
For the Bachelor of Science degree in Premedicine, a minimum of 120 credits is required, with at least 18 credits at the 400 level:

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>General Education</td>
<td>45</td>
</tr>
<tr>
<td>Requirements for the Major</td>
<td>99</td>
</tr>
</tbody>
</table>

24 of the 45 credits for General Education are included in the Requirements for the Major. This includes: 3 credits of GHW courses; 9 credits of GN courses; 6 credits of GQ courses; 6 credits of GS courses.

Requirements for the Major
To graduate, a student enrolled in the major must earn a grade of C or better in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (https://senate.psu.edu/students/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/).

Select one of the following:
- BIOL 220W Biology: Populations and Communities
- BIOL 240W Biology: Function and Development of Organisms
- MICRB 201 Introductory Microbiology
- & MICRB 202 and Introductory Microbiology Laboratory

Additional Courses: Require a grade of C or better
Select 8-12 credits from the following:
- PHYS 211 General Physics: Mechanics
- & PHYS 212 and General Physics: Electricity and Magnetism
- & PHYS 213 and General Physics: Fluids and Thermal Physics
- & PHYS 214 and General Physics: Wave Motion and Quantum Physics
- PHYS 250 Introductory Physics I
- & PHYS 251 and Introductory Physics II

Select 4-5 credits from the following:
- BIOL 421 Comparative Anatomy of Vertebrates
- BIOL 437 Histology
- BIOL 472 Human Physiology
- & BIOL 473 and Laboratory in Mammalian Physiology
- MICRB 412 Medical Microbiology
- & MICRB 422 and Medical Microbiology Laboratory

Select 5-6 credits from the following:
- BMB 400 Molecular Biology of the Gene
- BMB 401 General Biochemistry
- BMB 402 General Biochemistry
- CHEM 450 Physical Chemistry - Thermodynamics
- & CHEM 452 and Physical Chemistry - Quantum Chemistry

Supporting Courses and Related Areas
Select 12 credits toward Area of Concentration
Select 7-15 credits from program list

Code    Title                                                      Credits
-------- --------------------------------------------------------------
HPA 101  Introduction to Health Services Organization          3
PSYCH 100 Introductory Psychology                               3
SOC 1    Introductory Sociology                                 3

Prescribed Courses: Require a grade of C or better

BIOL 110  Biology: Basic Concepts and Biodiversity              4
BIOL 230W Biology: Molecules and Cells                          4
CHEM 110  Chemical Principles I                                 3
CHEM 111  Experimental Chemistry I                              1
CHEM 112  Chemical Principles II                                3
CHEM 113  Experimental Chemistry II                            1
CHEM 210  Organic Chemistry I                                  3
CHEM 212  Organic Chemistry II                                 3
CHEM 213  Laboratory in Organic Chemistry                      2
MATH 140  Calculus With Analytic Geometry I                    4
MATH 141  Calculus with Analytic Geometry II                   4
NUTR 251  Introductory Principles of Nutrition                 3

Additional Courses

STAT 200  Elementary Statistics                                3-4
or STAT 250 Introduction to Biostatistics                      3-4

Select one of the following options for your healthcare internship: 1 1 1
- SC 294 Research Project Courses
- or SC 494 Research Project Courses

Select one of the following:
- CAS 453 Health Communication Theory and Research
- NURS 464 Dying and Death
- PHIL/ BIOETREQUITERREQUIREMENTS
- FOR THE
- MAJOR432

1 Healthcare internship must be approved by Director of Science Premedicine Majors.
2 Coursework to be selected in consultation with Premedicine Major Adviser. Can be counted toward minor.
3 A maximum of 12 credits of Independent Study [296, 496] may be applied toward credits for graduation. Students may apply 6 credits of ROTC.

General Education
Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.
Foundations (grade of C or better is required and Inter-Domain courses do not meet this requirement.)
- Quantification (GQ): 6 credits
- Writing and Speaking (GWS): 9 credits

Breadth in the Knowledge Domains (Inter-Domain courses do not meet this requirement.)
- Arts (GA): 3 credits
- Health and Wellness (GHW): 3 credits
- Humanities (GH): 3 credits
- Social and Behavioral Sciences (GS): 3 credits
- Natural Sciences (GN): 3 credits

Integrative Studies
- Inter-Domain Courses (Inter-Domain): 6 credits

Exploration
- GA, GH, GN, GS, Inter-Domain courses. This may include 3 credits of World Language course work beyond the 12th credit level or the requirements for the student's degree program, whichever is higher: 6 credits

University Degree Requirements

First Year Engagement
All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

Cultures Requirement
6 credits are required and may satisfy other requirements
- United States Cultures: 3 credits
- International Cultures: 3 credits

Writing Across the Curriculum
3 credits required from the college of graduation and likely prescribed as part of major requirements.

Total Minimum Credits
A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

Quality of Work
Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

Limitations on Source and Time for Credit Acquisition
The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (https://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80)). For more information, check the Suggested Academic Plan for your intended program.
