

REHABILITATION AND HUMAN SERVICES, MINOR

Requirements for a minor may be completed at any campus location offering the specified courses for the minor. Students may not change from a campus that offers their major to a campus that does not offer their major for the purpose of completing a minor.

Career Paths

The minor in RHS enhances the education of students majoring in social and behavioral sciences, as well as business majors who work in settings that hire and maintain work environments for persons with chronic illnesses and disabilities. We also welcome students who wish to design assistive technology for people living with disabilities. The minor will enhance graduate study preparation for many students interested in working with people in applied settings.
