

# **NUTRITIONAL SCIENCES, B.S.**

---

**Begin Campus:** Any Penn State Campus

**End Campus:** University Park

## **Retention Requirements**

Retention for the Nutrition and Dietetics option will be determined through verification of sustained academic growth as demonstrated by earning of grades of C or higher in all of the Nutritional Sciences prescribed and related courses. Failure to do so will result in referral of the student to the student's academic adviser so that they may work together to develop a clear written strategy and a time frame for the student to return to good standing. Should the student not address the issue, the faculty may advise the student into a different Nutritional Sciences option. To graduate, a student enrolled in the nutrition and dietetics option must earn a grade of C or better in all prescribed and major requirement courses, as specified by Senate Policy 82-44.
