You Might Like This Program If...

- You are interested in health care ethics, food ethics, and environmental ethics.
- You want fresh perspectives on ethical issues, new and old—from the genetic modification of our food to the genetic modification of ourselves!
- You want to be part of animated discussions about pressing issues that affect us all.
- You are pre-med or pre-law, or studying philosophy, gender and sexuality, global health, anthropology, biobehavioral health, nursing, health communication, etc.

You are pre-med or pre-law, or studying philosophy, gender and sexuality, global health, anthropology, biobehavioral health, nursing, health communication, etc.

both in-and out-of class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the habit of learning, advisers assume a significant educational role. The advisee’s unit of enrollment will provide each advisee with a primary academic adviser, the information need to plan the chosen program of study, and referrals to other specialized resources.
