ITALIAN, B.S.

Begin Campus: Any Penn State Campus
End Campus: University Park

Program Description
Italian is the voice of one of the formative cultural traditions of the Western world. The study of Italy and its language offers a rigorous, interdisciplinary exploration of the continuing vitality of modern Italian and Italian American culture through literature, cinema, translation studies, the arts, Roman thought, fashion, tourism, Mediterranean cuisine, and much more. Italian, in its humanistic breadth and depth, offers students access to a wide variety of professional pathways through an emphasis on global communicative understanding and cultural sensitivity. Learning a world language also improves oral and written skills in English interactions. The Italian B.S. encourages students to develop skills in Italian (speaking, reading, writing) in preparation for careers in professional areas where fluency in Italian is particularly relevant and useful.

What is Italian?
Italian is the voice of one of the formative cultural traditions of the Western world. The study of Italy and its language offers a rigorous, interdisciplinary exploration of the continuing vitality of modern Italian and Italian American culture through literature, cinema, translation studies, the arts, Roman thought, fashion, tourism, Mediterranean cuisine, and much more. Italian, in its humanistic breadth and depth, offers students access to a wide variety of professional pathways through an emphasis on global communicative understanding and cultural sensitivity. Italian is increasingly important in business; six of the 100 biggest companies are headquartered in Italy, and Italy is the world’s fifth largest industrial producer of goods. Learning a world language also improves oral and written skills in English interactions. Penn State’s Italian program is small, and prides itself on its capacity to provide individual attention and mentoring to each of its majors and minors.

You Might Like This Program If...
- You enjoy learning languages and communicating with people from a particularly rich cultural civilization.
- You dream of studying abroad. More Penn State students currently study in Italy than in any other nation of the world, and you will enjoy more memorable experiences with a deeper preparation through advanced coursework in Italian.
- You wish to learn more about the roots of your family heritage and traditions.

Entrance to Major
In order to be eligible for entrance to this major, a student must:
1. attain at least a C (2.00) cumulative grade-point average for all courses taken at the University; and
2. have at least third-semester classification (https://www.registrar.psu.edu/enrollment/semester-classification.cfm).

Select 21 credits (at least 6 credits at the 400-level) in consultation with the adviser in any related area of study such as social services, Hotel, Restaurant and Institutional Management, Linguistics, Sociology, Economics or any other professional area in which competency in Italian is desirable.

General Education

Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

University Degree Requirements

First Year Engagement

All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

Cultures Requirement

6 credits are required and may satisfy other requirements

- United States Cultures: 3 credits
- International Cultures: 3 credits

Writing Across the Curriculum

3 credits required from the college of graduation and likely prescribed as part of major requirements.

Total Minimum Credits

A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

Quality of Work

Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

Limitations on Source and Time for Credit Acquisition

The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (https://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80)). For more information, check the Suggested Academic Plan for your intended program.

Program Learning Objectives

- Students will have developed oral skills in Italian that allow them to communicate effectively and accurately in a range of settings.
- Students will have developed written skills in Italian that allow them to communicate effectively and accurately in a range of settings.
- Students will have developed literacy skills that allow them to read and understand texts in a variety of media ranging from newspapers to literary texts and formal academic prose.
- Students will have developed a cultural awareness that allows them to interact well with Italians in informal and formal situations and to use knowledge of target culture to interpret texts read, heard or viewed in Italian or English.
- Students will, ideally, have spent at least six weeks in Italy immersed in the target language and its culture.

Academic Advising

The objectives of the university’s academic advising program are to help advisees identify and achieve their academic goals, to promote their intellectual discovery, and to encourage students to take advantage of both in-and out-of-class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the habit of learning, advisers assume a significant educational role. The advisee’s unit of enrollment will provide each advisee with a primary
academic adviser; the information needed to plan the chosen program of
study, and referrals to other specialized resources.

University Requirements and General Education Notes:
US and IL are abbreviations used to designate courses that satisfy
Cultural Diversity Requirements (United States and International
Cultures).

W, M, X, and Y are the suffixes at the end of a course number used to
designate courses that satisfy University Writing Across the Curriculum
requirement.

General Education includes Foundations (GWS and GQ), Knowledge
Domains (GH, GN, GA, GH, GS) and Integrative Studies (Inter-domain)
requirements. N or Q (Honors) is the suffix at the end of a course number
used to help identify an Inter-domain course, but the inter-domain
attribute is used to fill audit requirements. Foundations courses (GWS
and GQ) require a grade of ‘C’ or better.

All incoming Schreyer Honors College first-year students at University
Park will take ENGL 137H/CAS 137H in the fall semester and
ENGL 138T/CAS 138T in the spring semester. These courses carry
the GWS designation and satisfy a portion of that General Education
requirement. If the student’s program prescribes GWS these courses will
replace both ENGL 15/ENGL 30H and CAS 100A/CAS 100B/CAS 100C.
Each course is 3 credits.

Advising Notes:
• All incoming first-year students must take a First-Year Seminar (FYS) during Fall or Spring of their first year. Academic advisers can provide a list of FYS being offered and help the student enroll. Most FYS in the College of the Liberal Arts are worth 3 cr. and count as a General Humanities (GH) or General Social Sciences (GS) course. For this reason, the FYS is not listed separately on this eight-semester plan; most students will be able to fulfill the FYS requirement while also fulfilling a GH or GS requirement.
• Students pursuing this major at a Commonwealth Campus might require summer attendance, study abroad, or additional semesters to complete the major coursework. Students should contact the University Park adviser to plan their major courses accordingly.

Career Paths
Because the study of Italian comprises advanced-level language proficiency and the development of cultural understanding, critical thinking, and communicative capacities, successful Penn State students have gone on to pursue many professions. In the Italian program, majors and minors have access to:

• Individualized advising aimed at integrating complementary majors/minors, study abroad, and internship opportunities.
• Italian-specific fellowships, prizes, and capstone project opportunities to ready them for future goals.
• Mentorship that connects Italian students with alumni who have applied successfully to graduate schools, participated in Fulbright/Peace Corps/Teach for America/etc., or are making contributions in the career path of particular interest.

Careers
As a humanistic program in the liberal arts, Italian is not designed to be directly vocational. Italian prepares students to access a wide array of rewarding and unique careers, including those related to international business, travel, journalism, ministry, diplomacy, banking, science fields, the arts, and education. The federal government employs graduates with advanced world language skills in organizations including the National Security Agency, the Central Intelligence Agency, the U.S. Information Agency, and the Department of Labor. Students with degrees in the humanities are also particularly successful applicants to graduate and professional schools, such as law, business, and medicine.

Opportunities for Graduate Studies
Any of the three baccalaureate degree options in Italian (the Bachelor of Arts in Italian Language and Literature, the Bachelor of Arts in Italian Studies, or the Bachelor of Science in Applied Italian) can serve as the foundation for graduate studies in Italian, as well as other humanistic, social science, and STEM disciplines. Italian can also lead to advanced professional degrees in business, educational administration, law, and medicine.
