General Education

Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements ([https://bulletins.psu.edu/undergraduate/general-](https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/)

[education/baccalaureate-degree-general-education-program/](https://bulletins.psu.edu/undergraduate/general-education-program/)) section of the Bulletin and consult your academic adviser.
