RUSSIAN, B.A.

Begin Campus: Any Penn State Campus
End Campus: University Park

Program Description
The B.A. in Russian provides the student with a command of spoken and written Russian and a general knowledge of the literature and culture of the Russian people. For admission to the major students must have completed RUS 3 and RUS 410 or demonstrate an equivalent level. Study in Russia under the University’s Education Abroad Program is available for qualified students. Students are advised to combine their study of Russian with another major or minor, such as another world language, English, history, political science, the East European Studies minor, the Business/Liberal Arts minor, or the Linguistics minor. Graduates of this program have found employment in international business, the U.S. government, in the educational and publishing fields, and in the travel industry.

What is Russian?
Russian Studies is an interdisciplinary sub-field of the Humanities and Slavic Studies that pertains to linguistics, literature, arts, history, politics, and more, with a primary focus on the language, literature, and culture of historical and contemporary Russia, including the Soviet period and the Russian-speaking diaspora.

You Might Like This Program If...
• You understand the critical role that Russia plays in the world.
• You are considering an academic or professional career requiring strong training in a world language.
• Your first major is History, Comparative Literature, International Relations, Journalism, Linguistics, or other fields in which a knowledge of Russian is advantageous.
• You want to discover the rich world of Russian literature, arts, and cinema.
• Mastering Russian is important in your field, for example, in aerospace engineering, the computer sciences, and other sciences.

In order to be eligible for entrance to this major, a student must:
1. attain at least a C (2.00) cumulative grade-point average for all courses taken at the University; and

General Education

Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

Academic Advising
The objectives of the university’s academic advising program are to help advisees identify and achieve their academic goals, to promote their intellectual discovery, and to encourage students to take advantage of both in-and-out-of class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the habit of learning, advisers assume a significant educational role. The advisee’s unit of enrollment will provide each advisee with a primary academic adviser, the information needed to plan the chosen program of study, and referrals to other specialized resources.

University Requirements and General Education Notes:

US and IL are abbreviations used to designate courses that satisfy Cultural Diversity Requirements (United States and International Cultures).

W, M, X, and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.

General Education includes Foundations (GWS and GQ), Knowledge Domains (GHW, GN, GA, GH, GS) and Integrative Studies (Inter-domain) requirements. N or Q (Honors) is the suffix at the end of a course number used to help identify an Inter-domain course, but the inter-domain attribute is used to fill audit requirements. Foundations courses (GWS and GQ) require a grade of ‘C’ or better.

All incoming Schreyer Honors College first-year students at University Park will take ENGL 137H/CAS 137H in the fall semester and ENGL 138T/CAS 138T in the spring semester. These courses carry the GWS designation and satisfy a portion of that General Education requirement. If the student’s program prescribes GWS these courses will replace both ENGL 15/ENGL 30H and CAS 100A/CAS 100B/CAS 100C. Each course is 3 credits.

Bachelor of Arts Requirements:

Bachelor of Arts students must take 9 credits in Bachelor of Arts (B.A.) Fields (Humanities; Social and Behavioral Sciences; Arts; World Languages [2nd language or beyond the 12th credit level of proficiency in the 1st]; Natural Sciences; Quantification). The B.A. Fields courses may not be taken in the area of the student’s primary major. See your adviser and the Degree Requirements section (https://bulletins.psu.edu/undergraduate/general-information/academic-information/) of this Bulletin.

Bachelor of Arts students must take 3 credits in World Cultures. See your adviser and the full list of courses approved as World Cultures courses (https://bulletins.psu.edu/undergraduate/general-education/course-lists/).
• All incoming freshmen must take a First-Year Seminar (FYS) during Fall or Spring of their first year. Academic advisers can provide a list of FYS being offered and help the student enroll. Most FYS in the College of the Liberal Arts are worth 3 cr. and count as a General Humanities (GH) or General Social Sciences (GS) course. For this reason, the FYS is not listed separately on this eight-semester plan; most students will be able to fulfill the FYS requirement while also fulfilling a GH or GS requirement.

• Students pursuing this major at a Commonwealth Campus might require summer attendance, study abroad, or additional semesters to complete the major coursework. Students should contact the University Park adviser to plan their major courses accordingly.

Career Paths
The US Department of State designates Russian as one of the "critical languages" and the Department of Defense lists it as a strategic language. It is one of the five official languages of the UN. It also remains the unofficial lingua franca of the former Soviet republics and an indispensable communications tool across all of the Caucasus and Central Asia.

Careers
Besides graduate studies in the field of Slavic Languages and Literatures and related fields, a B.A. in Russian opens the door to a variety of careers in the US government and military, international business, international relations, international law, human rights, information technology, professional translation, publishing, education, the travel industry, and more.
