

# NURSING, B.S.N.

**Begin Campus:** Any Penn State Campus

**End Campus:** Altoona, Erie, Fayette, Harrisburg, Mont Alto, University Park, Scranton

## Program Description

The Bachelor of Science Degree in Nursing prepares students to become professional practitioners in areas of health promotion and maintenance, illness care, and rehabilitation. After earning this degree in Nursing, students are qualified to take the registered nurse examination for licensure by the State Board of Nursing.

B.S.N. Nursing majors will choose one of the following options:

### General Nursing Option (NURS GNURS)

*Available at the following campuses: Altoona, Erie, Fayette, Mont Alto, Scranton, University Park*

*Students who begin the General Nursing Option at University Park must complete the degree at University Park.*

*Students may begin the General Nursing Option at any campus if they will complete the degree at Altoona, Erie, Fayette, Mont Alto, or Scranton.*

The General Nursing Option admits first year students directly to the major at six Penn State campuses for Summer or Fall entry. Nursing students start and remain at the campus of admission all four years. Non-nursing students may not transfer or change major into the 4-year nursing program at University Park, but may apply through a competitive Entrance to Major Review process at the five other campuses offering the General Nursing Program. Clinical experiences occur at clinical facilities within a 50-mile radius of campus. University Park students spend one full academic year at Penn State Hershey Medical Center, which requires students to reside at that location.

### Second Degree Option (NURS SCND)

*Available at the following campuses: Altoona, Harrisburg*

*Students who begin the Second Degree Option at Altoona must complete the degree at Altoona.*

*Students who begin the Second Degree Option at Harrisburg must complete the degree at Harrisburg.*

This option admits students who have successfully completed a bachelor's degree in another discipline to the Nursing major through a competitive Entrance to Major Review process. Students must have met all prerequisite course requirements. This option is available at Penn State Altoona and Penn State Harrisburg. Clinical experiences occur at facilities surrounding Altoona and Harrisburg.

### For Both Options

All transportation and expenses related to clinical are the responsibility of the student. Students must carry professional liability insurance; complete an annual health examination, criminal background and child abuse history clearance and drug testing; maintain CPR certification; and adhere to any additional requirements of the clinical facilities. Graduates of this major may qualify for admission to a graduate nursing program.

### Undergraduate Academic Progression Policy

The Academic Progression Policy delineates academic standards for pre-licensure students (students without RN license). Two failed attempts in

nursing courses or two failed attempts in any given prerequisite course results in dismissal from the Nursing major. Details of the academic progression policy are available in the student handbook (<https://www.nursing.psu.edu/undergrad/handbooks>).

## What is Nursing?

Nurses serve on the front lines of the health care industry. They work in emergency rooms, outpatient clinics, inpatient facilities, schools and private homes. As the cornerstone of the medical team, nurses assess and monitor patients' body systems, symptoms and vital signs; administer prescribed medications; and provide routine care, such as bathing, dressing, and wound care. Working closely with clients and their families, nurses are often the first to alert doctors of changes in the patient's medical condition.

However, nursing is a profession that requires more than book knowledge and medical skills. Nurses must also act as compassionate caregivers, supportive advocates and thorough educators to improve and preserve the health and quality of life of their patients. Nurses must be flexible, attentive and demonstrate strong critical thinking skills. They must be prepared to act quickly and competently in order to save lives.

A career in nursing opens many doors and allows nurses to shape their own unique career path. Some nurses choose to specialize in specific clinical areas such as pediatrics, mental health or critical care, while others move into case management, education, research, insurance or administrative roles. In this exciting field, every day is truly different, but each one is rewarding.

### You Might Like This Program If...

You might like this major if you enjoy learning about the human body and how it functions and heals. It is also important to enjoy working with people. Nurses work closely with clients and their families while providing respectful and compassionate healthcare, often during vulnerable stages of life. Nurses must be adaptable, quick on their feet and demonstrate good critical thinking and communication skills. Students pursuing this degree should strive to be leaders in the healthcare field and exhibit professionalism and ethical integrity.

## Degree Requirements

**For the Bachelor of Science in Nursing degree in Nursing, a minimum of 120 credits is required:**

Requirement	Credits
General Education	45
Electives	4-9
Requirements for the Major	87-92

The Second or Additional Degree Option requires the completion of 60 credits of general education and prerequisite courses in the first degree program (prior to admission) and 60 credits of nursing courses completed after admission.

### General Education

Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements

of a program. For additional information, see the General Education Requirements (<http://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program>) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

### Foundations (grade of C or better is required.)

- **Quantification (GQ):** 6 credits
- **Writing and Speaking (GWS):** 9 credits

### Knowledge Domains

- **Arts (GA):** 6 credits
- **Health and Wellness (GHW):** 3 credits
- **Humanities (GH):** 6 credits
- **Social and Behavioral Sciences (GS):** 6 credits
- **Natural Sciences (GN):** 9 credits

### Integrative Studies (may also complete a Knowledge Domain requirement)

- **Inter-Domain or Approved Linked Courses:** 6 credits

21 of these 45 credits are included in the Requirements for the Major.

## University Degree Requirements

### First Year Engagement

All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

### Cultures Requirement

6 credits are required and may satisfy other requirements

- United States Cultures: 3 credits
- International Cultures: 3 credits

### Writing Across the Curriculum

3 credits required from the college of graduation and likely prescribed as part of major requirements.

### Total Minimum Credits

A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

### Quality of Work

Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

### Limitations on Source and Time for Credit Acquisition

The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or

in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (<http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80>)). For more information, check the Suggested Academic Plan for your intended program.

## Requirements for the Major

This includes 21 credits of General Education courses: 3 credits of GHW courses; 9 credits of GN courses; 3 credits of GQ courses; 6 credits of GS courses.

Requirements for the Major must be completed prior to admission for students taking the Second Degree Option.

A grade of C or better is required for all courses in the major. To graduate, a student enrolled in the major must earn at least a C grade in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (<http://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#82-44>).

### Common Requirements for the Major (All Options)

Code	Title	Credits
<b>Prescribed Courses</b>		
<i>Prescribed Courses: Require a grade of C or better</i>		
BIOL 129	Mammalian Anatomy	4
BIOL 141	Introductory Physiology	3
BIOL 142	Physiology Laboratory	1
HDFS 129	Introduction to Human Development and Family Studies	3
MICRB 106	Elementary Microbiology	3
MICRB 107	Elementary Microbiology Laboratory	1
NUTR 251	Introductory Principles of Nutrition	3
PSYCH 100	Introductory Psychology	3
<b>Additional Courses</b>		
<i>Additional Courses: Require a grade of C or better</i>		
CHEM 101	Introductory Chemistry	3-4
or CHEM 110 & CHEM 111	Chemical Principles I and Experimental Chemistry I	
SOC 1	Introductory Sociology	3
or SOC 5	Social Problems	
STAT 200	Elementary Statistics	3-4
or STAT 250	Introduction to Biostatistics	
<b>Requirements for the Option</b>		
<i>Requirements for the Option: Require a grade of C or better</i>		
Select an option		57-60

### Requirements for the Option

#### General Nursing Option (57 credits)

**Available at the following campuses: Altoona, Erie, Fayette, Mont Alto, Scranton, University Park**

**Students who begin the General Nursing Option at University Park must complete the degree at University Park.**

**Students may begin the General Nursing Option at any campus if they will complete the degree at Altoona, Erie, Fayette, Mont Alto, or Scranton.**

Due to restricted enrollment, the College of Nursing assigns the semester in which students enroll in the following Prescribed Courses and all course prerequisites must be successfully completed.

Code	Title	Credits
<b>Prescribed Courses</b>		
<i>Prescribed Courses: Require a grade of C or better</i>		
NURS 225	Pathophysiology	3
NURS 230	Introduction to the Fundamentals of Nursing	4
NURS 250	Professional Role Dev I: Intro to Professional Issues in Nursing Practice and Nursing Informatics	2
NURS 251	Health Assessment	3
NURS 200W	Principles of Nursing Research and Evidence-Based Practice	3
NURS 301	Nursing Care of the Adult Client Requiring Medical-Surgical Intervention	4
NURS 305	Introduction to Pharmacological Concepts	3
NURS 306	Nursing Care of Children and Adolescents	3
NURS 310	Therapeutic Nursing Care of the Older Adult Client in a Variety of Settings	3
NURS 320	Nursing Care of the Childbearing Family and Gynecological Client	3
NURS 350	Professional Role Development II: Ethics, Legal and Genetic Issues	2
NURS 405A	Nursing Care of the Adult Client with Complex Health Problems: Part A	4
NURS 405B	Nursing Care of the Adult Client with Complex Health Problems: Part B	4
NURS 415	Community and Family Health Nursing	4
NURS 420	Mental Health Nursing	4
NURS 450A	Professional Role Development III: Leadership and Management	2
NURS 450B	Professional Role Development III: Clinical Capstone	3

#### Supporting Courses and Related Areas

*Supporting Courses and Related Areas: Require a grade of C or better*

Select 3 credits at the 400 level from school-approved list in consultation with adviser	3
--	---

#### Second Degree Option (60 credits)

**Available at the following campuses: Altoona, Harrisburg**

**Students who begin the Second Degree Option at Altoona must complete the degree at Altoona.**

**Students who begin the Second Degree Option at Harrisburg must complete the degree at Harrisburg.**

Due to restricted enrollment, the College of Nursing assigns the semester in which students enroll in the following Prescribed Courses and all course prerequisites must be successfully completed.

Code	Title	Credits
<b>Prescribed Courses</b>		
<i>Prescribed Courses: Require a grade of C or better</i>		
NURS 225	Pathophysiology	3
NURS 230	Introduction to the Fundamentals of Nursing	4
NURS 250	Professional Role Dev I: Intro to Professional Issues in Nursing Practice and Nursing Informatics	2

NURS 251	Health Assessment	3
NURS 200W	Principles of Nursing Research and Evidence-Based Practice	3
NURS 301	Nursing Care of the Adult Client Requiring Medical-Surgical Intervention	4
NURS 305	Introduction to Pharmacological Concepts	3
NURS 310	Therapeutic Nursing Care of the Older Adult Client in a Variety of Settings	3
NURS 350	Professional Role Development II: Ethics, Legal and Genetic Issues	2

NURS 405B	Nursing Care of the Adult Client with Complex Health Problems: Part B	4
NURS 450A	Professional Role Development III: Leadership and Management	2
NURS 450B	Professional Role Development III: Clinical Capstone	3
NURS 495	Nursing Study in Specialized Setting	6

## Academic Advising

The objectives of the university's academic advising program are to help advisees identify and achieve their academic goals, to promote their intellectual discovery, and to encourage students to take advantage of both in-and out-of class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the habit of learning, advisers assume a significant educational role. The advisee's unit of enrollment will provide each advisee with a primary academic adviser, the information need to plan the chosen program of study, and referrals to other specialized resources.

**Suggested Academic Plan****General Nursing Option at University Park, Altoona, Erie, Fayette, Mont Alto and Scranton Campuses**

The course series listed below provides **only one** of the many possible ways to move through this curriculum. The University may make changes in policies, procedures, educational offerings, and requirements at any time. This plan should be used in conjunction with your degree audit (accessible in LionPATH as either an **Academic Requirements** or **What If** report). Please consult with a Penn State academic adviser on a regular basis to develop and refine an academic plan that is appropriate for you.

**First Year**

Fall	Credits Spring	Credits
BIOL 129 <sup>*#†1,2</sup>	4 BIOL 141 <sup>*#†1,2</sup>	3
ENGL 15 or 30 <sup>‡</sup>	3 BIOL 142 <sup>*†</sup>	1

	13	14

Total Credits 120-123

\* Course requires a grade of C or better for the major

‡ Course requires a grade of C or better for General Education

# Course is an Entrance to Major requirement

† Course satisfies General Education and degree requirement

**University Requirements and General Education Notes:**

US and IL are abbreviations used to designate courses that satisfy University Requirements (United States and International Cultures).

W, M, X, and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.

GWS, GQ, GHW, GN, GA, GH, and GS are abbreviations used to identify General Education program courses. General Education includes Foundations (GWS and GQ) and Knowledge Domains (GHW, GN, GA, GH, GS, and Integrative Studies). Foundations courses (GWS and GQ) require a grade of 'C' or better.

Integrative Studies courses are required for the General Education program. N is the suffix at the end of a course number used to designate an Inter-Domain course and Z is the suffix at the end of a course number used to designate a Linked course.

All incoming Schreyer Honors College first-year students at University Park will take ENGL/CAS 137 in the fall semester and ENGL/CAS 138 in the spring semester. These courses carry the GWS designation and replace both ENGL 30 and CAS 100. Each course is 3 credits.

### Footnotes

- <sup>1</sup> BIOL 129 and BIOL 141 are entrance to major courses for students not directly admitted to the Nursing program, who are applying for admission to the Commonwealth Campus Nursing programs through the Review Process. BIOL 129 and BIOL 141 must be passed with a quality grade of **C** or better to progress to 200-level Nursing courses.
- <sup>2</sup> Within the 30 credits of required General Education Domain courses, students must take 6 credits of Integrative Studies courses (Inter-domain or Linked courses). Students should consult with their academic adviser to select appropriate courses.
- <sup>3</sup> Alternative First Year Seminar courses can be petitioned to fulfill this requirement.
- <sup>4</sup> College Algebra I (MATH 21) is a prerequisite for CHEM 101. College Algebra II and Analytic Geometry (MATH 22) is a prerequisite for CHEM 110. If a student places higher than MATH 21 on the ALEKS Assessment Exam, any GQ may be scheduled

### Program Notes:

- See **College of Nursing Grading Scale and Academic Progression Policy** in the BSN Handbook at <https://www.nursing.psu.edu/undergrad/handbooks/>
- **Scheduling Patterns:** NURS courses are offered only in the semester indicated, except NURS 415 and NURS 420 are offered both Fall and Spring semesters
- Third and fourth years include 6-12 hours of clinical experience per week
- Students studying at University Park will spend third or fourth year at Hershey Medical Center

## Second Degree in Nursing Option at Altoona and Harrisburg Campuses

The course series listed below provides **only one** of the many possible ways to move through this curriculum. The University may make changes in policies, procedures, educational offerings, and requirements at any time. This plan should be used in conjunction with your degree audit (accessible in LionPATH as either an **Academic Requirements** or **What If** report). Please consult with a Penn State academic adviser on a regular basis to develop and refine an academic plan that is appropriate for you.

### First Year

Fall	Credits	Spring	Credits
NURS 250*	2	NURS 350*	2
NURS 225*	3	NURS 301*	4
NURS 230*	4	NURS 310*	3
NURS 305*	3	NURS 415*	4
NURS 251*	3	NURS 405A*	4
	15		17

### Second Year

Fall	Credits	Spring	Credits
NURS 320*	3	NURS 450A*	2
NURS 306*	3	NURS 450B*	3
NURS 420*	4	NURS 495*	6
NURS 405B*	4	NURS 200W*	3
	14		14

Total Credits 60

\* Course requires a grade of C or better for the major

‡ Course requires a grade of C or better for General Education

# Course is an Entrance to Major requirement

† Course satisfies General Education and degree requirement

### Additional Notes:

- See **College of Nursing Grading Scale and Academic Progression Policy** in the Second Degree BSN Handbook at <https://www.nursing.psu.edu/undergrad/handbooks/>
- **All General Education and prerequisite courses are completed with first degree and prior to admission**
- NURS 250, 251, 225, 230, 305 must be successfully completed prior to enrolling in NURS 301 and 310
- NURS 301 and 310 must be successfully completed prior to enrolling in NURS 306, 320, 405A, 405B, 415, 420
- Students may not enroll in NURS 450A, 450B and 495 until all other nursing courses are completed or in progress
- **NURS 495 Nursing Study in Specialized Setting** : 6 credits required in place of 3 credits of supporting courses and 3 credits of general electives; clinical immersion practicum

## Career Paths

After earning a B.S.N. and successfully passing the NCLEX-RN licensing exam, Registered Nurses have the opportunity to enter into a stable and growing work force. Additionally, the Penn State B.S.N. degree creates a strong foundation for continuing into advanced nursing roles through a variety of graduate level nursing programs. The versatility of the B.S.N. degree provides graduates with the skills and background to pursue the career path that is right for them. Nurses have countless options to explore different specialties, advance into leadership roles, and continue with lifelong learning while providing high quality nursing care to their clients.

### Careers

Demand for nurses continues to rise. The B.S. degree in Nursing is rapidly becoming the degree of choice for many healthcare facilities, rendering baccalaureate-educated nurses as highly marketable. Graduates of the baccalaureate nursing program have a vast array of rewarding employment opportunities. Employment settings include:

- Trauma centers and community hospitals caring for the critically ill or injured
- Home health agencies providing medical care to homebound clients
- Rehabilitation and long-term care facilities
- Hospice agencies caring for people with terminal illnesses
- Schools or pediatric/neonatal units working with children and newborns

- Military bases
- Insurance agencies evaluating patient claims and teaching classes to insurance agents
- Travel and cruise ship nursing

MORE INFORMATION (<https://www.bls.gov/ooh/healthcare/registered-nurses.htm>)

## Opportunities for Graduate Studies

A baccalaureate degree in nursing is typically required to pursue advanced degrees in nursing, which prepares the nurse for roles such as nurse educator, nurse practitioner, clinical nurse specialist, nurse midwife, nurse anesthetist, nurse administrator and nurse researcher. The College of Nursing at Penn State offers several advanced-degree options for B.S.N.-educated nurses. On-campus options are available for nurses interested in advanced clinical practice roles such as a Nurse Practitioner, or in research through the Ph.D. program. Several online options are offered to provide flexibility to working nurses across the country. These programs include M.S.N. degrees in Nurse Administration and Nurse Education and a Doctor of Nursing Practice (DNP) degree for nurses pursuing specialization in healthcare leadership.
