

CORPORATE CONTROL AND ANALYSIS, CERTIFICATE

Requirements for an undergraduate certificate may be completed at any campus location offering the specified courses for the certificate.

Certificate Learning Objectives

- **Communication Skills:** The ability to formulate and articulate business ideas individually and collaboratively via print, presentations, and interpersonal interactions. Students will demonstrate effective oral, written and interpersonal communication skills while using technology appropriately in a professional business presentation.
- **Integrative Understanding:** Students will be able to understand how business disciplines interact in a dynamic industry, know how information and technology affect business operations, and understand and demonstrate effective team participation across business disciplines.
- **Problem Solving / Critical Thinking:** The ability to demonstrate problem solving skills using analytical techniques. Adequately address open-ended/unstructured problems with no single correct solution.
