

ENGLISH, B.A. (UNIVERSITY COLLEGE)

Begin Campus: Any Penn State Campus

End Campus: Brandywine, Scranton, York

Program Description

Majors explore the imaginative and practical uses of English through courses in literature, writing, rhetoric, and language. They develop perspectives on human nature and cultural values through American, British, and other English literatures; they learn how to gather, analyze, synthesize, and communicate information; they gain mastery over their language. These skills help English majors find careers in such fields as publishing, business, industry, government, and teaching. English majors often go on to postgraduate study not only in English but in such areas as law, business, education, or other liberal disciplines.

Majors can emphasize writing, literature, or rhetoric, or a mix of literature, writing, and rhetoric. All provide a liberal education and all develop analytic and writing skills. Qualified students may participate in the career internship and in the English honors program.

Students interested in earning certification in secondary education should contact the College of Education, Department of Curriculum and Instruction. (See also Teacher Education Programs (<https://ed.psu.edu/academics/teacher-testing-certification/>).)

Traditions of Innovation Option

Available at the following campuses: Brandywine, Scranton, University Park

This option allows students to explore the imaginative and practical uses of English language through a variety of courses in literature, writing, and rhetoric across historical periods. The flexibility of the English curriculum allows students to focus in literary and cultural studies, creative writing, professional and media writing, and/or rhetoric, according to individual interests and goals. In the process, students learn to gather, analyze, synthesize, and communicate information as they improve their language skills across diverse creative and critical scenarios. These skills prepare students for careers in a wide range of professional fields.

Writing and Literature in Context Option

Available at the following campuses: Abington, Altoona, Brandywine, Scranton, York

This option focuses on English as a foundation for strong critical thinking and distinctive communication skills, imaginative approaches to problem solving, and collaboration with aligned fields. The flexibility of the major allows students to study literature, creative writing, theatre, media studies, professional writing, and/or other disciplines, according to their individual interests and goals. These foundations prepare English majors for careers in a wide range of professional fields.

What is English?

English refers to a broad field of study related to literature, professional writing, creative writing, and rhetoric. Majors develop critical thinking skills and produce influential academic, creative, professional, and digital texts. They learn to analyze genres, texts, and contexts that involve, for instance, race, class, gender, sexuality, and nationality. They also learn

how various texts communicate value, meaning, and social and cultural critique.

You Might Like This Program If...

- You enjoy writing in different genres, styles, and media, e.g. videos, print or web magazine articles, critical essays, reviews, short stories, poems, etc.
- You enjoy addressing social justice issues that give context to texts.
- You want to use communication to help solve problems involving science, technology, medicine, law, business, or society.
- You enjoy making connections between historical eras and current realities.
- You want to a career in law, non-profit work, medicine, education, or writing/editing.

General Education

Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (<https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/>) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

First Year Engagement

All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

Cultures Requirement

6 credits are required and may satisfy other requirements

- United States Cultures: 3 credits
- International Cultures: 3 credits

Writing Across the Curriculum

3 credits required from the college of graduation and likely prescribed as part of major requirements.

Total Minimum Credits

A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

Quality of Work

Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

Limitations on Source and Time for Credit Acquisition

The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or

within time constraints (see Senate Policy 83-80 (<https://senate.psu.edu/students/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/>)). For more information, check the Suggested Academic Plan for your intended program.

B.A. Degree Requirements

World Language (0-12 credits): Student must attain 12th credit level of proficiency in one world language in addition to English. This proficiency must be demonstrated by either examination or course work. See the Placement Policy for Penn State World Language Courses (<https://bulletins.psu.edu/undergraduate/general-information/academic-information/advising-planning-degree-program/course-placements/placement-policy-world-language-courses/>).

B.A. Fields (9 credits): Humanities, Social and Behavioral Sciences, Arts, World Languages, Natural Sciences, Quantification (may not be taken in the area of the student's primary major; world language credits in this category must be in a second world language in addition to English or beyond the 12th credit level of proficiency in the first language). Credits must be selected from the list of approved courses.

World Cultures (0-3 credits): Select 3 credits from approved list. Students may count courses in this category in order to meet other major, minor, elective, or General Education requirements, except for the University Cultural Diversity (US/IL) requirement.

Program Learning Objectives

- Apply critical, theoretical, and/or disciplinary approaches to the reading and analysis of texts in multiple genres and/or media.
- Analyze the aesthetic and/or cultural significance of the ideas, values, conventions, forms, and genres associated with texts.
- Gather, evaluate, and employ an array of research materials in support of critical studies, and/or creative activity, in ways consistent with standards of academic integrity.
- Demonstrate writing and rhetorical skills appropriate to critical and/or creative tasks in a variety of media and genres.
- Analyze representative literary, theoretical, and cultural texts within significant historical, geographical, and cultural contexts.

Academic Advising

The objectives of the university's academic advising program are to help advisees identify and achieve their academic goals, to promote their intellectual discovery, and to encourage students to take advantage of both in-and out-of class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the habit of learning, advisers assume a significant educational role. The advisee's unit of enrollment will provide each advisee with a primary academic adviser, the information needed to plan the chosen program of study, and referrals to other specialized resources.

- Depending on placement and proficiency, world language courses may need to be replaced with elective credits.
- Students are required to take one Writing across the Curriculum course.
- "World Cultures" courses may overlap with a general education requirement.

Program Notes:

- General Education courses are interchangeable; students may choose the General Education courses they wish to take in any given semester based on preference, availability, and academic goals.
- Scheduling patterns vary according to course offerings.
- Both US (United States Cultures) and IL (International Cultures) courses must be completed within the degree requirements; these courses may not be used to fulfill the World Cultures requirements.
