MULTIDISCIPLINARY STUDIES, B.A. (UNIVERSITY COLLEGE)

Begin Campus: Any Penn State Campus

End Campus: Brandywine, DuBois, Greater Allegheny, Hazleton, Mont Alto, Scranton, Shenango

Program Learning Objectives

Brandywine Campus

- **Communicating Across Perspectives**: Students will be able to communicate and engage meaningfully and respectfully with others who have different perspectives or world views.

- **Integration**: Students will be able to integrate multiple disciplines of their chosen theme in a major course project, or in the articulation of a coherent multidisciplinary academic program in the Multidisciplinary Studies Proposal.

- **Knowledge**: Students will demonstrate proficient academic knowledge of key theories and approaches in more than one academic or professional discipline.

- **Method or Process**: Students will be able to apply rigorous empirical or creative methods and processes to research specific to their multiple disciplinary specializations.

DuBois, Greater Allegheny, Hazleton, Mont Alto, Scranton, Shenango Campuses

- **Application**: Students will be able to apply empirical or creative processes specific to their fields of specialization.

- **Communication**: Students will be able to communicate clearly and persuasively the integration of their learning of multiple disciplines in a degree program that reflects their theme.

- **Engagement**: Students will be able to engage meaningfully and respectfully with others who have different perspectives or world views.

- **Synthesis**: Students will be able to synthesize multiple disciplinary perspectives into an intellectual or professional identity.
