MULTIDISCIPLINARY STUDIES, B.A. (UNIVERSITY COLLEGE)

Begin Campus: Any Penn State Campus

End Campus: Brandywine, DuBois, Greater Allegheny, Hazleton, Mont Alto, Scranton, Shenango

Program Learning Objectives

Brandywine Campus

- Communicating Across Perspectives: Students will be able to communicate and engage meaningfully and respectfully with others who have different perspectives or world views.
- Integration: Students will be able to integrate multiple disciplines of their chosen theme in a major course project, or in the articulation of a coherent multidisciplinary academic program in the Multidisciplinary Studies Proposal.
- Knowledge: Students will demonstrate proficient academic knowledge of key theories and approaches in more than one academic or professional discipline.
- Method or Process: Students will be able to apply rigorous empirical or creative methods and processes to research specific to their multiple disciplinary specializations.

DuBois, Greater Allegheny, Hazleton, Mont Alto, Scranton, Shenango Campuses

- Application: Students will be able to apply empirical or creative processes specific to their fields of specialization.
- Communication: Students will be able to communicate clearly and persuasively the integration of their learning of multiple disciplines in a degree program that reflects their theme.
- Engagement: Students will be able to engage meaningfully and respectfully with others who have different perspectives or world views.
- Synthesis: Students will be able to synthesize multiple disciplinary perspectives into an intellectual or professional identity.
