The Master of Professional Accounting program at Penn State Great Valley is taught by renowned faculty. Evening and hybrid courses delve into competencies covered in the CPA exam, including regulation, financial accounting and reporting, audition and attestation, and business environment and concepts. Students can expect to complete the 30-credit program in less than one year with a fall admission attending full-time, or two years if going part-time.

The program culminates in a capstone course that builds on previous coursework to develop analytical and presentation skills. Utilizing case studies, students will study investigative, consulting, and forensic accounting as they examine a current issue in regulation. Through this comprehensive project, they acquire a big-picture understanding of trends and issues, along with the critical-thinking skills to evaluate and debate them. The program is fully accredited by AACSB International.

## Integrated Undergrad-Grad Programs

### Integrated B.S. in Accounting and M.P.Acc. in Accounting

This Integrated Undergraduate/Graduate (IUG) degree program combines the B.S. in Accounting with the M.P.Acc. in Accounting offered at the following campuses:

#### Undergraduate Degree

- Abington
- Altoona
- Berks
- Harrisburg
- World Campus

## Graduate Degree

- Great Valley

The graduate portion of this IUG is currently offered as face-to-face residential instruction. While the undergraduate curriculum for this IUG may be completed at multiple campuses, the ease and feasibility of completing the integrated program may be heavily dependent upon the location of the graduate instruction. Please discuss the feasibility of completing the IUG with a representative for the graduate program before beginning the application process.

Requirements listed here are in addition to requirements listed in GCAC-210 Integrated Undergraduate-Graduate (IUG) Degree Programs (<https://gradschool.psu.edu/graduate-education-policies/gcac/gcac-200/gcac-210-integrated-undergraduate-graduate-degree-programs/>).

The IUG program offers exceptional students the ability to receive a B.S. in Accounting and a Master of Professional Accounting (MPAcc) within a five year period. Students are typically admitted into the integrated program at the end of their second year of their undergraduate studies, and then complete the IUG program over the next three years. Students must have completed no less than 60 credits to apply, and transfer students must have completed at least 15 credits at Penn State to enroll in the IUG.

### Admission Requirements

Applicants apply for admission to the program via the Graduate School application for admission (<http://gradschool.psu.edu/prospective-students/how-to-apply/>). Requirements listed here are in addition to Graduate Council policies listed under GCAC-300 Admissions Policies (<http://gradschool.psu.edu/graduate-education-policies/>).

Students must apply to the program via the Graduate School application for admission, and must meet all the admission requirements of the Graduate School and the Accounting graduate program for the Master of Professional Accounting degree, as listed on the Admission Requirements tab. Before applying to the Graduate School, students must have completed entrance to their undergraduate major and have completed no less than 60 credits. Students must be admitted no later than the end of the second week of the semester preceding the semester of expected conferral of the undergraduate degree. Transfer students must have completed at least 15 credits at Penn State to enroll in an IUG.

Applicants are required to submit GMAT or GRE scores. The GMAT/GRE requirement is waived for IUG applicants with an undergraduate GPA of 3.2 or higher.

In consultation with an adviser, students must prepare a plan of study appropriate to this integrated program, and must present their plan of study to the head of the graduate program overseeing the integrated program prior to being admitted to the program. The plan should cover the entire time period of the integrated program, and it should be reviewed periodically with an adviser as the student advances through the program.

### Degree Requirements

Students must fulfill all requirements for each degree in order to be awarded that degree, subject to the double-counting of credits as outlined below. Degree requirements for the B.S. in Accounting at Abington and Berks campuses are listed in the Undergraduate Bulletin.

Degree requirements for the M.P.Acc. degree are listed on the Degree Requirements tab.

The following is the list of courses which will double count for both the B.S. in Accounting and the Master of Professional Accounting. Up to 12 credits may be double counted towards the degree requirements of both undergraduate and graduate degrees; a minimum of 50% of the double counted credits must be at the 500 or 800 level.

Code	Title	Credits
<b>Courses Eligible to Double Count for Both Degrees</b>		
BLAW 444	Advanced UCC and Commercial Transactions	3
ACCT 550	Professional Responsibilities and Ethics in Accounting	3
ACCT 532	Accounting Information and Decision Systems	3
ACCTG 512	Financial Accounting Theory and Reporting Problems	3

Students must sequence their courses so that all undergraduate degree requirements are fulfilled before taking courses to count solely towards the graduate degree. #Students must complete the undergraduate degree requirements within the typical time to degree for the undergraduate major. In the semester in which the undergraduate degree requirements will be completed, IUG students must apply to graduate, and the undergraduate degree should be conferred at the next appropriate Commencement. If students accepted into the IUG program are unable to complete the M.P.Acc. degree, they are still eligible to receive their undergraduate degree if all the undergraduate degree requirements have been satisfied.
